To the Honorable the Legislature

1987 Wisconsin Act 3 made substantive changes to Wisconsin's drunk driving laws. The law also included a requirement that the Wisconsin Department of Transportation conduct a study of the use, in other jurisdictions, of videotaped evidence in cases involving intoxicated drivers. The attached paper reports the findings of that study and sites several recommendations regarding implementation of the videotaping process in Wisconsin. The study was conducted within the Division of the State Patrol.

The Department of Transportation is very much interested in your review of the attached study and proposal. Questions or comments should be directed to: James W. Van Sistine, Administrator (608) 266-9860
