Sincerely,  
DOUGLAS LAFOLLETTE  
Secretary of State

State of Wisconsin  
Department of Health and Social Services  
December 14, 1989

To the Honorable the Legislature:

With this letter I am transmitting the Interim Report on the Evaluation of the Work Experience and Job Training Program and Community Work Experience Program. Section 46.03(38), Wisconsin Act 413, requires the Department of Health and Social Services (DHSS) to contract to conduct a study of the effectiveness of the Work Experience and Job Training Program (WEJT) and the Community Work Experience Program (CWEP). It further requires DHSS to submit two reports on these evaluations to the Legislature: an interim report on or before January 1, 1990, and a final report on or before July 1, 1993. The report with this letter fulfills the requirement for the interim report.

Sincerely,  
PATRICIA A. GOODRICH  
Secretary

State of Wisconsin  
Wisconsin Lottery Board  
December 15, 1989

To the Honorable the Legislature:

RE: Quarterly Report of the Wisconsin Lottery Board

On behalf of the Chairman and Members of Lottery Board, I am herewith submitting for your consideration the April 1 - June 30 1989 quarterly report of the Board, as required by S.565.37(3), Wis. Stats.

If there there are any questions or comments regarding this report, or additional information is necessary, please do not hesitate to contact me or the members of the Board, directly.

WILLIAM F. FLYNN, JR.  
Executive Director

State of Wisconsin  
Wisconsin Lottery Board

December 15, 1989

To the Honorable the Legislature:

RE: First Annual Report of the Wisconsin Lottery

On behalf of the Chairman and Members of Lottery Board, I am pleased to provide you with a copy of the Wisconsin Lottery's first annual report. Copies of the report are also being provided to each individual Legislator, and to agency executives.

I am also pleased to express appreciation for the support we have received from you and from members of executive, legislative and judicial agencies throughout the year, and I hope you'll not hesitate to contact us if there are any questions or comments regarding this report, or if you wish additional information.

WILLIAM F. FLYNN, JR.  
Executive Director

State of Wisconsin  
Department of Natural Resources  
December 14, 1989

To the Honorable the Legislature:

Attached to this letter is the 1990 Department of Natural Resources Annual Finance Plan for the Clean Water Fund. The preparation, submission and approval by the Building Commission of the 1990 Annual Finance Plan is required under s. 144.241(4)(a), Stats. before the Department of Natural Resources can enter into loan agreements with municipalities for the construction of wastewater treatment facilities. The 1989-1991 Biennial Budget required the submission of the 1990 Annual Finance Plan on December 1, 1989. After submission, the Building Commission is required under s. 13.48(26), Stats. to review, approve or disapprove the Annual Finance Plan and inform the Department of Natural Resources of its actions or recommendations. The existing statute authorizes the award of loan assistance no earlier than April 1, 1990. We believe that municipalities are anticipating that Clean Water Fund loan assistance will be available shortly after April 1, 1990, so the Department respectfully requests action on the Annual Finance Plan as soon as possible.

The Annual Finance Plan has been prepared to support the administration of the Clean Water Fund which provides financial assistance to municipalities that are required to construct new wastewater facilities needed to protect the surface and groundwaters in Wisconsin. The State's new Clean Water Fund Revolving Loan program is intended to encourage communities to undertake needed construction in a time frame that is in the best interests of the environmental resources to be protected.

There are two aspects of the 1990 Annual Finance Plan which we would like to highlight:

1. Leveraging: The Department of Natural Resources will work to have

legislation introduced and enacted as soon as possible to authorize a leveraged loan program. A leveraged loan program will address Wisconsin's wastewater needs at the lowest cost to state citizens.

2. **Interest Rate Recommendations:** For the 1989-1991 Biennium, the Department is recommending the interest rates for post transition projects be set at 50% of the market interest rate for Compliance Maintenance projects and New and Changed Limits projects, 62.5% of the market interest rate for Unsewered projects 100% of the market interest rate for projects correcting effluent violations. This recommendation does not apply to "Transition" projects that were eligible for the Wisconsin Fund but did not have high enough priority to qualify for a grant. By statute, transition projects are funded at an interest rate of 3.5%.

The Department of Natural Resources anticipates that legislative changes to the Clean Water Fund Program will be introduced in the January session. The attached Annual Finance Plan satisfies the notification and approval requirements contained in existing law. Department staff will keep you informed of legislative changes that may be enacted, especially with respect to financial concerns in proposed legislation.

If questions arise over the assumptions that were used to complete this report, please contact Paulette Harder at 266-0836.

Sincerely,  
C. D. BESADNY  
Secretary

---

#### SENATE CLEARINGHOUSE ORDERS

##### **Senate Clearinghouse Rule 89-9**

Relating to the regulation of health insurance sold to persons age 62 or over.

Submitted by Office of the Commissioner of Insurance.

Withdrawn by agency, December 15, 1989.
