State of Wisconsin
Department of Health and Social Services
August 31, 1990

To the Honorable the Legislature:

Wis. Act 122 requires that the Department of Health and Social Services (DHSS) conduct a joint study with

the Department of Public Instruction (DPI) to determine the most effective methods of delivering alcohol and other drug abuse prevention and treatment services. The act mandates that the departments shall report their findings and recommendations by September 1, 1990, to the joint committee on finance and to the Chief Clerk of each house of the legislature for distribution to the appropriate standing committees in the manner provided under Section 13.172(3) of the statutes.

Sincerely,

Herbert J. Grover
Secretary DPI

Sincerely,

Patricia A. Goodrich
Secretary HSS

State of Wisconsin

Department of Natural Resources

September 14, 1990

To the Honorable the Legislature:

Attached to this letter is the proposed Clean Water Fund Biennial Finance Plan for FY 1991-1993. This plan has been prepared jointly by the Department of Natural Resources and the Department of Administration Capital Finance Office. The preparation, submission, and review of the Biennial Finance Plan by the Joint Committee on Finance, environmental legislative standing committees and Building Commission is required under s. 144.2415(3), Stats.

Per s. 144.2415(3)(bm)1, Stats., this is the version of the Biennial Finance Plan initially prepared as part of the Department of Natural Resources budget process. This plan will be considered at the September Natural Resources Board meeting. As stated in other portions of s. 144.2415(3)(bm), Stats., this Biennial Finance Plan will be revised at later stages in the FY 1991-1993 budgetary process, including a final version incorporating the adopted biennial budget act. The statute allows the Joint Committee on Finance and each standing committee to submit to the Building Commission its recommendations and comments regarding each version of the Biennial Finance Plan.

The Biennial Finance Plan has been prepared to support the administration of the Clean Water Fund which provides financial assistance to municipalities that are required to construct new wastewater treatment facilities to protect the surface and groundwaters of Wisconsin. The most recent statutory changes to the program were signed into law by the Governor in June, 1990. There are several recommendations in the Biennial Finance Plan which will require revisions to these statutes. The need and reasons for revisions are identified with each associated recommendation. Specific statutory language will be submitted later.

As required in s. 144.2415(3)(bm), Stats., we will send you any subsequent versions of the FY 1991-1993 Biennial Finance Plan after they are developed. The next version will be completed when the FY 1991-1993

biennial budget is submitted to the Legislature under s. 16.45, Stats. That version will contain material approved by the Governor for inclusion in the budget.

If you have any questions regarding this Biennial Finance Plan, please contact Paulette Harder at 266-0836 or Frank Hoadley at 266-2305. We will keep you informed should any changes need to be made to the Biennial Finance Plan.

Sincerely,
C. D. BESADNY
Secretary
