COMMUNICATIONS

State of Wisconsin
Department of Health and Social Services
Madison

To the Honorable, the Legislature:

1989 Act 31, Section 3023 (24x) provided for a committee to examine the impact of statutes and rules on rural hospitals. The committee's purpose was to relieve the unnecessary burdens placed on rural hospitals by Wisconsin's statutes and rules, without compromising the quality of care that rural hospitals provide. I am transmitting the committee's report as required in its legislative charge, for distribution to the Legislature in the manner provided in section 13.172(2) of the statutes. The full legislative charge is contained in Appendix 4 of the attached report.

The committee had nine members, representing the Wisconsin Department of Health and Social Services, Wisconsin Hospital Association, Rural Wisconsin Hospital Cooperative, University of Wisconsin's Office of Rural Health, rural hospitals, and consumers. I chaired this committee, which met monthly during 1990, including twice at rural sites. The attached report reflects the committee's discussions and its consensus findings and recommendations. Please note the report contains a three page Executive Summary.

I wish to express my appreciation to many people and organizations for their cooperating in the work of this committee, and the preparation of this report. These include committee members, DHSS staff, Wisconsin Hospital Association, Department of Industry, Labor
