 Executive Director, Wisconsin Lottery
 RE: Quarterly Report of the WI Lottery Board

On behalf of the Chairman and the members of the Lottery Board, I am herewith submitting for your consideration the January 1, 1991 through March 31, 1991 quarterly report of the Board, as required by s. 565.37(3), Wis. Stats.

If there are any questions or comments regarding this report, or additional information is necessary, please do not hesitate to contact me or the members of the Board directly.

To the Honorable, the Legislature:

We are pleased to submit our report on the status of equal access to alternative long distance telecommunications services as of January 1, 1991, within our state. This report is provided to comply with the requirements of s. 196.196, Stats. Currently, 85 percent of phone lines in Wisconsin enjoy the benefits of equal access. Our recommendation for achieving universal equal access is contained in the report and is based on reaching the objective in a way which balances the costs and benefits of modernizing outdated plant and equipment.

If you have any questions on this subject, please call Robert A. Kelly of our staff at 266-8006.
