Relating to the allocation of volume cap on private activity bonds.

Submitted by Department of Development.

To committee on Housing.

Referred on October 15, 1992.

COMMUNICATIONS

State of Wisconsin  
Department of Health and Social Services  
Madison

September 30, 1992

To the Honorable the Assembly:

1983 Wisconsin Act 27, created s.46277(5m) of the statutes which required the Department of Health and Social Services to submit an annual report on its federal Medicaid Home and Community-Based Services waiver, the Community Integration Program II (CIP II). The attached report covers calendar year 1991 for the CIP II and COP-W (Community Options Program Waiver).

These waivers are designed to relocate or divert elderly and physically disabled persons from nursing homes and

finance their care with Medicaid. The level of Medicaid waiver funding must be no greater than the Medicaid cost for nursing home care. The annual report examines both cost and quality of care in the waiver programs.

Sincerely,

GERALD WHITBURN

Secretary, DHSS

State of Wisconsin  
Department of Transportation  
Madison

October 1, 1992

To the Honorable the Legislature:

1991 Wisconsin Act 269 instructs the Wisconsin Department of Transportation (WisDOT) to develop a plan for the automation and periodic renewal of special identification cards entitling physically disabled persons to special parking privileges. WisDOT is also instructed to review the disabled parking requirements set forth in the Americans With Disabilities Act of 1990 and make suggestions to the Legislature.

Enclosed with this letter is the WisDOT report on disabled parking privileges and spaces. WisDOT has made specific recommendations on automation and periodic renewal of the identification cards. However, because of the complexity and the potentially broad applicability of the ADA disabled parking requirements, WisDOT is urging continued discussion between parking space users and providers.

Questions or comments regarding periodic renewal and automation of the identification card system should be directed to either Ms. Tara Ayres (267-2030) or Ms. Barbara Wehrle (266-3040) of our Division of Motor Vehicles. Questions or comments regarding the disabled parking requirements under the ADA should be directed to Mr. Joe Maassen (266-8810) of our Office of General Counsel.

Sincerely,

CHARLES H. THOMPSON

Secretary, DOT

October 2, 1992

Mr. Thomas Melvin  
Assembly Chief Clerk  
Suite 402, One East Main Street  
Madison, WI 53708

Dear Mr. Melvin:

On August 17, 1992, the Department of Administration and the Department of Natural Resources jointly submitted copies of the initial version of the 1993-1995 Clean Water Fund Biennial Finance Plan to you, as required by statute. In our letter of submittal, we indicated that the Department of Natural Resources was submitting the Plan to the Natural Resources Board in late September, for their consideration as a part of the Department's Biennial Budget request to the Governor. On September 24, 1992, the Natural Resources Board approved the Department of Natural Resources Biennial Budget request to the Governor with no modification of the language or conclusions of the Biennial Finance Plan. As a result, please consider the first version of the Plan submitted to you on August 17 to be finalized.

If you have any questions regarding the Biennial Finance Plan, please contact Paulette Harder at 266-0836 or Frank Hoadley at 266-2305.

Sincerely,

PAULETTE HARDER, Director  
Intergovernmental Programs  
DNR

FRANK HOADLEY, Director  
Capital Finance, DOA

---

State of Wisconsin  
Department of Industry, Labor and Human Relations  
Madison

October 2, 1992

To the Honorable the Assembly:

The Department of Industry, Labor and Human Relations (DILHR) is pleased to present its report on the statewide implementation of Wisconsin's Youth Apprenticeship Program. The report is being submitted under the requirements of Wisconsin Statute 101.265, which established the Youth Apprenticeship Program and creates a Council.

Wisconsin's youth apprenticeship is part of a broader effort to improve the transition from high school to work, a registered apprenticeship, and/or where

appropriate to two or four year colleges. Youth apprenticeship is explicitly intended to link high school students with business and industry through an integrated education and work-based learning program that leads to a statewide credential of proficiency and a high school diploma.

Youth apprenticeship exists in the printing/graphic arts industry today. Twenty-three students in West Bend, and in the Fox Cities are proudly serving as Wisconsin's first youth apprentices. Shortly, programs will begin in Milwaukee, Waukesha, Central Wisconsin, and Southwest Wisconsin. Additionally, industry development is underway in the area of finance, bringing together banks, savings and loans, and credit unions in an unprecedented collaborative effort. In the future, industry development is planned for the health care, utility(s), and auto/truck dealer industries.

We are proud of what we have already accomplished in this program, through the use of not only state funds but grant money as well. We are moving ahead in a thoughtful, deliberative manner in order to insure that what we produce fulfills our goals and fits the needs of Wisconsin businesses. Our proposal for a Wisconsin Skills Center for Industry and Labor is designed to create curricula that are linked to developing the high performance workforce that is so necessary to future economic growth in Wisconsin.

Sincerely,  
CAROL SKORNICKA  
Secretary, DILHR
