

Ninetieth Regular Session

WEDNESDAY, September 2, 1992

The chief clerk makes the following entries under the above date.

PETITIONS AND COMMUNICATIONS

State of Wisconsin
Department of Administration

August 18, 1992

To the Honorable the Legislature:

This report is transmitted as required by sec. 20.002(11)(f) of the Wisconsin Statutes, (for distribution to the appropriate standing committees under sec. 13.172(3) Stats.), and confirms that the Department of Administration has found it necessary to exercise the "temporary reallocation of balances" authority provided by this section in order to meet payment responsibilities and cover resulting negative balances during the month of July, 1992.

On July 13, 1992, the Transportation Fund balance was \$-14.9 million. This shortfall continued until July 23, 1992 when the balance reached \$+9.2 million. The shortfall was due to delay in the receipt of Revenue Bond proceeds.

On July 20, 1992, the Environmental Clean-up Fund balance was \$-240 thousand. This shortfall reoccurred on July 31, 1992 when the balance reached \$-309 thousand. These shortfalls were due to the timing of revenues to the Fund.

The Transportation Fund and Environmental Clean-up Fund shortfalls were not in excess of the \$400 million ceiling and did not exceed the balances of the funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund's share. Therefore, the monthly calculation by State Finance will automatically reflect the use of these temporary reallocations of balance authority.

Sincerely,
James R. Klauser
Secretary

Referred to the joint committee on Finance.

State of Wisconsin
Department of Administration

August 11, 1992

To the Honorable the Legislature:

Chapter 34, Laws of 1979, requires that when the Department of Administration maintains an office in Washington, DC, for the purpose of promoting federal/state cooperation, it should submit a report detailing the activities of the office and reporting the status of federal legislation of concern to the Legislature and other state agencies (Wis. Stats. 16.548(2)).

The report for the period April 1, 1992, through June 30, 1992, is attached.

Sincerely,
James R. Klauser
Secretary

State of Wisconsin
Legislative Audit Bureau

September 1, 1992

To the Honorable the Legislature:

We have completed an evaluation of the Department of Natural Resources' Nonpoint Source Water Pollution Abatement Program. This is the Second of two reports mandated by Wisconsin Act 27, the 1987-89 Biennial Budget. We completed the first evaluation in May 1989. The Program is managed in cooperation with the Department of Agriculture, Trade and Consumer Protection's Soil and Water Resource Management Program.

Since our last evaluation, the Department of Natural Resources has improved some financial practices related to the Nonpoint program, and the problem of a recurring large balance has been corrected. However, absence of agreement among policymakers regarding the program's financial needs has created fiscal constraints for fiscal year 1992-93 and highlighted the need for resolution of the program's projected long-term costs and funding needs. We repeat our recommendation that the Department improve the reliability of its long-term financial projections for the program by making use of available information on the program's financial experience, and we recommend the DNR, DATCP, and the Department of Administration jointly submit a report on financial projections for the Nonpoint program.

Our review of released and unreleased information on project results found little evidence of improved water quality and indications that project participation rates are generally lower than required to achieve water quality improvements. To enable the Legislature and the Governor to make informed decisions on amendments to the Nonpoint program, the departments need to comply with an agreed-upon schedule for the release of information on program results.

We appreciate the courtesy and cooperation extended to us by the Department of Natural Resources and by the Department of Agriculture, Trade and Consumer Protection. Responses from the departments are attached as appendices.

Sincerely,
Dale Cattanach
State Auditor

JOURNAL OF THE SENATE [September 2, 1992]

State of Wisconsin
Legislative Audit Bureau

September 1, 1992

To the Honorable the Legislature:

We have completed an evaluation of the Department of Health and Social Services' oversight of county mental health programs as directed by the Joint Legislative Audit Committee. Problems that emerged in 1991 in Sauk County and the Northern Pines Unified Services Center raised concern that the Department's oversight of county programs may be inadequate.

In general, the Department has limited its oversight of county mental health programs to the minimum required by law largely to avoid increasing program and reporting requirements on county program operations. State staff review county programs once every two years, and consultation is provided only at the request of counties.

The Department could take some steps to improve oversight without substantially increasing either the number of staff required or the reporting burdens on counties. These include regularly updating program standards, improving coordination of state staff, and using information already available from counties to more effectively direct consultation and oversight activities. Counties could also assume greater responsibilities for ensuring the quality of their mental health programs and for assisting one another.

We have included discussion of other oversight mechanisms that the Legislative Council's Special Committee on Oversight of Community Mental Health Services might consider as alternatives to assigning greater oversight responsibilities to the Department.

We appreciate the courtesy and cooperation extended to us by the staff of the Department of Health and Social Services, many county staff, and representatives of interest groups concerned with the mentally ill. The Department's response is Appendix II.

Sincerely,
Dale Cattanach
State Auditor

STATE OF WISCONSIN
ETHICS BOARD

August 25, 1992

To the Honorable the Senate:

At the direction of s. 13.685(7), Wisconsin Statutes, I am furnishing you with the following changes in the Ethics Board's records of licensed lobbyists and their employers.

Organization's authorization of additional lobbyists: The following organizations previously registered with the Ethics Board as employers of lobbyists have authorized to act on their behalf these additional licensed lobbyists:

Wimmer, James

Plumbing Manufacturers Institute

Subjects: Issues affecting plumbing products and supplies including regulation.

Hough, James

Also available from the Wisconsin Ethics Board are reports identifying the amount and value of time state agencies have spent to affect legislative action and reports of expenditures for lobbying activities filed by the organizations that employ lobbyists.

Sincerely,
R. Roth Judd
Executive Director
State of Wisconsin
Department of Transportation

September 1, 1992

To the Honorable the Legislature:

Milwaukee Regional Airport Authority Study

Enclosed please find a copy of the recently completed Milwaukee Regional Airport Authority Study. Assembly Bill 91, Act 39, Section 9155, Para. (7j), mandated that the Wisconsin Department of Transportation conduct a study to determine the feasibility of establishing a Milwaukee Airport Authority. The enclosed final report is the result of that study.

Sincerely,
Robert W. Kunkel, P.E.
Director
