State of Wisconsin
Department of Development
Madison

September 1, 1993

To the Honorable the Assembly:

Section 144.955 (3) (f), Wis. Stats., requires the Hazardous Pollution Prevention Board (Board) to submit a report to the Governor and to the Chief Clerk of each house of the Legislature each year in which a

Capacity Assurance Plan (CAP) is not revised. A CAP was not required this year. However, the Board wanted to inform you of the activities that were conducted in 1992 under this program.

The Department of Development pursued legislative changes in the biennial budget to the Hazardous Pollution Prevention Audit Program. Therefore, the Department postponed submitting the report until the budget had been signed. Enclosed are copies of the Board's report for the calendar year ending December 31, 1992.

The report provides information on the following items, as required by the statute:

- A. The Hazardous Pollution Prevention Audit Grant Program.
- B. The University of Wisconsin-Extension Hazardous Pollution Prevention Program.
- C. The hazardous pollution prevention activities of the Department of Natural Resources.

- D. The implementation of the hazardous pollution prevention goals in the Capacity Assurance Plan.

In passing the legislation that resulted in 1989 Wisconsin Act 325, which set up the various pollution prevention activities, the Legislature recognized that there are opportunities to reduce or eliminate hazardous waste at the source. The members of the Board look forward to doing their part to help reduce the amount of hazardous waste generated in Wisconsin.

If you would like to receive additional copies of the report, please contact Mr. Todd Kearney at the Department of Development, P.O. Box 7970, Madison, Wisconsin 53707, telephone number: 608/266-6675.

Sincerely,
ROBERT N. TRUNZO
