

Ninety-First Regular Session

WEDNESDAY, June 8, 1994

The chief clerk makes the following entries under the above date.

PETITIONS AND COMMUNICATIONS

State of Wisconsin
Department of Development

June 7, 1994

To the Honorable the Legislature:

Under section 1.11(2)(j), Wisconsin Statutes, the Department of Development is required to provide an annual report to the Legislature on the number of major actions it conducted during the 1992-1993 Fiscal Year, and the number of environmental assessments and/or environmental impact statements that were prepared in accordance with those actions under s. 1.11(2)(c), Stats.

I am respectfully submitting our report to the Legislature in the manner provided in section 13.172(2), Wisconsin Statutes.

Sincerely,
Robert N. Trunzo
Secretary

State of Wisconsin
Legislative Audit Bureau

June 2, 1994

To the Honorable the Legislature:

We have completed an evaluation of the Special Supplemental Food Program for Women, Infants and Children (WIC), as requested by the Joint Legislative Audit Committee. This federal program, which is administered by the Department of Health and Social Services, provides supplemental nutritious foods, such as milk and infant formula; nutrition education; and referrals to health care services at no cost to its low- and moderate-income participants. In Wisconsin, program participation has increased by 48.5 percent in the past five years, to 105,984 as of March 1994. An estimated two-thirds of the State's eligible population currently participates.

Over the past three federal fiscal years, the program did not spend \$6.1 million of \$133 million in available state and federal resources, thereby limiting the number of participants receiving supplemental food. Some causes of underspending, such as changes in food prices, are beyond the Department's direct control. However, to use available funds effectively, especially since federal funding is expected to increase rapidly, the Department will need to improve its financial management and program planning efforts.

There is growing concern that some grocers and pharmacies authorized to exchange WIC food drafts for food are abusing the program by charging high prices or engaging in such fraudulent practices as exchanging food drafts for cash. The Department is developing plans to

step-up enforcement action against these vendors. The Legislature could assist enforcement efforts by adopting several statutory changes, including creating criminal and civil penalties for WIC Program fraud.

We appreciate the courtesy and cooperation extended to us by the Department, local WIC agencies, and officials of the Illinois Department of Public Health. The Department's response is Appendix II.

Sincerely,
Dale Cattnach
State Auditor
State of Wisconsin

May 26, 1994

In fulfillment of Section 1.11(2)(j) Wisconsin Statutes, this document provides information on the numbers of environmental assessments (EA's) and environmental impact statements (EIS's) completed in the past two fiscal years.

This report addresses the activities for the University of Wisconsin System for the period from July 1, 1992 to June 30, 1994.
