**EXECUTIVE COMMUNICATIONS**

State of Wisconsin  
Office of the Governor  
Madison

December 19, 1995

To the Honorable Members of the Assembly:

The following bill(s), originating in the Assembly, have been approved, signed and deposited in the office of the Secretary of State:

<u>Bill Number</u>	<u>Act Number</u>	<u>Date Approved</u>
<b>583</b> (partial veto)	116	December 18, 1995
<b>607</b>	117	December 18, 1995

Respectfully submitted,  
*TOMMY G. THOMPSON*  
Governor

**GOVERNOR'S VETO MESSAGE**

December 18, 1995

To the Honorable Members of the Assembly:

I have approved 1995 **Assembly Bill 583** as [1995 Wisconsin Act 116](#) and have deposited it in the office of the Secretary of State. Because this is an appropriation bill, I have exercised the partial veto in sections 1, 1c, 4 and 5.

AB 583 creates a job training loan guarantee program in the Wisconsin Housing and Economic Development Authority (WHEDA), which will be administered by the Department of Development. I support this program and my objections to the bill are technical in nature. I believe that these vetoes do not change the substance of the bill and facilitate the administration of this program for the Department of Development.

Sections 1 and 1c create appropriation s. [20.143 \(4\)\(hs\)](#) – Executive and Administrative Services. I am vetoing these sections because the department already has appropriation s. [20.143 \(1\)\(g\)](#) – Gift, Grant and Proceeds which can be used for this purpose. As such, creating a new appropriation for this program is unnecessary.

Section 4 directs that all reimbursements and fees be deposited in the appropriation under s. [20.143 \(4\)\(hs\)](#) created under this bill. I am partially vetoing this section to remove the deposit requirement because it is no longer necessary due to my veto of sections 1 and 1c. The department will still have the authority to deposit these funds in the gifts and grants appropriation under s. 20. 143 (1)(g).

Section 5 authorizes WHEDA and the Department of Development to establish an eligibility review panel. I am partially vetoing this provision to clarify that the department has the administrative responsibility for the job training loan guarantee program. This section also directs the Department of Development to submit an annual report on the program every year on November 1. I am partially vetoing this section to remove the reporting date because it imposes additional reporting requirements on the department. I am requesting the Department of Development to include information on the job training loan guarantee program in the semiannual status report on Wisconsin Development Fund Programs, which are submitted to the chairs of the economic development committees of the Legislature.

I believe these vetoes clarify provisions of the bill and facilitate the administration of the program by the Department of Development.

Respectfully submitted,  
**TOMMY G. THOMPSON**  
 Governor

**AGENCY REPORTS**

State of Wisconsin  
Department of Public Instruction  
Madison

November 30, 1995

To the Honorable, the Legislature:

As required by s. 115.38, Wis. Stats., I am transmitting the 1993-94 School Performance Report. Under the law, school districts are required to prepare and distribute reports to parents and guardians each year, and the State Superintendent of Public Instruction is required to prepare a statewide summary and submit it to the legislature on an annual basis.

Wisconsin law divides information in the School Performance Report into three categories:

- Indicators of academic achievement, including results of the Eighth and Tenth Grade Knowledge and Concepts Examinations, Third Grade Reading Test, the Advanced Placement examination, and the Enhanced ACT.
- Other indicators of school and district performance, including information about dropouts, attendance,

retention in grade, graduation, suspensions, expulsions, habitual truancy, participation in extra-/co-curricular and school-sponsored community activities, advanced coursework, and postsecondary intentions.

- Staffing and financial information to be determined by the state superintendent.

Although the information contained in this report is an important element of educational accountability, it is not a complete picture. The School Performance Report is a starting point for the public discussion that is vital to understanding students and schools.

The efforts of many people throughout the state made the 1993-94 School Performance Report an excellent collection of statistics and information. Those same people will continue to work on this project in the months and years ahead. It is my hope that, as we link the data to Wisconsin's educational goals, this document will become a tool to measure the efforts of young people and schools.

Pursuing educational excellence is long journey. If we are to persevere and stay the course, we must be child-centered. We need to work as a community, and we need to be aware of the successes and the problems we will confront along the way. Hopefully, the School Performance Report will help illuminate that journey.

Sincerely,  
*JOHN T. BENSON*

To the Honorable, the Legislature:

This report presents statements of fund condition and operations (budgetary basis) of the State of Wisconsin for the fiscal year ended June 30, 1995. This satisfies the requirements of sec. 16.40(3), Wisconsin Statutes. Displayed are major sources of revenues and major categories of expenditures for the General Fund and other funds compared to the prior year.

The General Fund has an undesignated balance of \$400.9 million as of the end of the fiscal year. This is \$307.5 million higher than the \$93.4 million estimate that was projected in the final Chapter 20 fund condition statement compiled in July of 1994, and \$63.7 million higher than the \$337.2 million estimate that was projected in the fund condition statement compiled in July of 1995 at the time 1995 Wisconsin Act 27 (the biennial state budget bill) was passed.

General purpose revenue taxes were \$7.807 billion compared to \$7.288 billion in the prior year, an increase of \$519 million or 7.1 percent. General purpose revenue expenditures were \$7.818 billion compared to \$7.287 billion in the prior year, an increase of \$531 million or 7.3 percent. This increase is primarily attributable to increased school and local assistance.

General purpose revenue spending increases in fiscal year 1995 were largely driven by increases in four areas: school aids increased by \$275.5 million, Corrections increased by \$45.8 million, shared revenues increased by \$43.6 million and the UW System increased by \$39.7 million. These increases accounted for over 78 percent of the total increase in general purpose revenue spending.

In fiscal year 1995, the State of Wisconsin continued to devote the major share of state tax collections to assistance to local school districts, municipalities and counties. Local assistance accounted for 57.4 percent of total general purpose revenue spending. Aid payments to individuals and organizations represented 19.1 percent of total general purpose revenue expenditures. The University of Wisconsin accounted for 10.8 percent of total general purpose revenue spending and state operations spending for all other state agencies accounted for 12.7 percent of the total.

The State of Wisconsin expects to publish its comprehensive annual financial report in March of 1996. The report will be prepared under generally accepted accounting principles.

Sincerely,  
*JAMES R. KLAUSER*  
Secretary, DOA
