The Honorable, The Senate:

The attached report is submitted in accordance with s. 49.45(2)(a)21 of the Wis. The report outlines the variety of federal and state mandates and initiatives that have been established to encourage increased provision of these important services by physicians and other professions. It also outlines the increased use of medical services by Medicaid eligible children and pregnant women.

As this report indicates, at least 50 percent of the total number of primary care physicians in each of the 12 regions developed for State Plan Amendment report provided pediatric and obstetric services to Wisconsin Medicaid recipients, in compliance with the federal standards.

Access to pediatric and obstetric care for Medicaid recipients will continue as a focus of Departmental efforts.
