AGENCY REPORTS

State of Wisconsin
Department of Administration
Madison

August 25, 1998

To the Honorable, the Legislature:

This report is transmitted as required by sec. 20.002(11)(f) of the Wisconsin Statutes, (for distribution to the appropriate standing committees under sec. 13.172(3) Stats.), and

confirms that the Department of Administration has found it necessary to exercise the "temporary reallocation of balances" authority provided by this section in order to meet payment responsibilities and cover resulting negative balances during the month of July, 1998.

On July 15, 1998 the **University Trust-Principal Fund** balance was -\$522 thousand. This shortfall continued until July 17, 1998 when the balance reached \$5.04 million. This shortfall was due to the timing of revenues.

On July 20, 1998 the **Wisconsin Petroleum Inspection Fund** balance was -\$2.09 million. This shortfall continued until July 24, 1998 when the balance reached \$5.03 million. This shortfall was due to the timing of revenues.

The University Trust-Principal Fund and Wisconsin Petroleum Inspection and Health Education Loan Repayment Fund shortfalls were not in excess of the statutory interfund borrowing limitation and did not exceed the balances of the funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund's share. Therefore, the monthly calculation by the State Controller's Office will automatically reflect the use of these temporary reallocations of balance authority.

Sincerely,
MARK D. BUGHER
Secretary, DOA
