RE: Assembly Transportation Committee

I would like to respectfully request your approval for the Assembly Transportation Committee to hold an executive session on two bills at 9:30 AM on Wednesday, May 19, 1999. The two bills are relatively non-controversial and the executive session should easily be completed before session begins at 10:00 AM.

The two bills under consideration are: AB 188, relating to exempting certain vehicles transporting material pumped from a septic or holding tank from special or seasonal weight limitations imposed by local highway authorities; and AB 206, relating to creating a permit authorizing the operation upon a highway of a specialized hauling rig that exceeds statutory size and weight limits.

If you have any questions or concerns regarding this request, please let me know. Thank you.
