Senate Committee on Agriculture, Environmental Resources and Campaign Finance Reform

MOTION ON CLEARINGHOUSE RULE 97-136, RELATING TO REGULATION OF METALLIC MINERAL MINING

Moved by Senator Clausing that the Senate Committee on Agriculture, Environmental Resources and Campaign Finance Reform:

1. Recommends that the Department of Natural Resources agree to consider modifying, under s. 227.19 (4) (b) 2., Stats., Clearinghouse Rule 97-136, as set forth in the version of Clearinghouse Rule 97-136 attached to the February 9, 1999 letter to Senator Alice Clausing and Representative Neal Kedzie from George Meyer, Secretary, Department of Natural Resources (the "amended version"), by revising s. NR 132.085 to require that the level of funding for a trust fund be sufficient to fund worst case preventive or remedial measures and that this level of funding be attained early in the life of a mining project.

2. If the department does not agree to consider the modification identified in item 1. by 5:00 p.m. on February 23, 1999, objects under s. 227.19 (4) (d) 3. and 6., Stats., to the following parts of the amended version of Clearinghouse Rule 97-136 on the grounds that they do not comply with legislative intent and are arbitrary:

a. In proposed s. NR 132.085 (5) (a), all of the following:

- (1) The first sentence.
- (2) The phrase "early in the mining operation" in the second sentence.
- (3) The third sentence.

b. In the fourth sentence in proposed s. NR 132.085 (5) (b), the phrase that begins with "when" and ends with "necessary".
