AB108

I want to thank the Senate Judiciary Committee for allowing me to be here and to speak on behalf of AB 108/SB 30. I will make it brief. I'm in strong support of this bill. My sister Johanna Balsewicz was stabbed to death 42 times by her husband. Their two young children not only witnessed this brutal crime, but were left alone in the house for approximately 10 hours with their mother's body.

This has been devastating for them. They talk of their mother's death on a daily basis. They relive it in their minds daily. They don't wish to see their father. Christopher wants to change his last name. He doesn't even like to say his name. Nikkole wants her dad to go under the ground.

If they were forced by their father and the courts to visit him, it would be even more devastating for them. They don't need to be reminded of what their father did to their mom. We have a difficult time dealing with the death of my sister; I can only image what goes on in their minds when they think of their mom.

In addition, this scenario would force the children's guardians—my parents—back into court fighting against visitation. They would have to relive everything all over again, and spend more money for court costs, when all they want to do is to raise my niece and nephew as best as they can.

Please vote yes for this bill. We need to protect Chris and Nikkole and other children who could be and are being forced to visit a convicted parent they don't wish to see. Haven't they been through enough? Isn't it our job to protect these children? I know it's mine. That was a promise I made to my sister. To protect her children. Thank you.

BILL AB 108 - PROTECT A CHILD PETITION

This Bill aims to take away visitation rights of a parent convicted of killing their spouse. Children would not be **FORCED** to visit the imprisoned parent against their wishes. At least 41 states and the Federal government have adopted similar laws, we would like to make Wisconsin next. By signing this petition you would be showing your support of this bill and helping to protect the children of Wisconsin.
