PUBLIC INSTRUCTION -- REVENUE LIMITS

Large Area, Low Enrollment Adjustment

Motion:

Move to provide a recurring revenue limit adjustment for certain school districts. Specify that a district would be eligible for the adjustment if the district had an enrollment of fewer than 450 pupils in the prior school year and the district is at least 275 square miles in area. Provide that if a district lost up to 10% of its membership between September 1996 and September 2000, it would receive an adjustment of \$100,000. Provide that if a district lost between 10% and 20% of its membership between September 1996 and September 2000, it would receive an adjustment of \$175,000. Provide that if a district lost more than 20% of its membership between September 1996 and September 2000, it would receive an adjustment of \$250,000. Provide \$350,000 GPR annually in general school aids to adjust two-thirds funding.

Note:

It is estimated that three school districts would be eligible for revenue limit adjustments under this motion. Partial school revenues would increase by a total of \$525,000, with \$350,000 GPR annually needed to maintain two-thirds funding.
