Subject						,				
Written policies on entering locker rooms										

## **Assumptions Used in Arriving at Fiscal Estimate**

This bill requires each school board, private school, technical college district board, institution and two-year collegiate campus of the University of Wisconsin System, private institution of higher education, and professional athletic team that has its home field or arena in this state to adopt a written policy on who may enter and remain in a locker room used by the school or team to interview or seek information from any person. The policy must reflect the privacy interests of the members of the teams representing the school or the professional athletic team.

It is assumed that these policies can be developed by the school district through regular administrative activities. Therefore, this bill would have no local fiscal effect.

This bill would have no fiscal effect on the Department of Public Instruction.

## **Long-Range Fiscal Implications**
