Assumptions Used in Arriving at Fiscal Estimate

This bill has two provisions that would affect the Wisconsin Technical College System. The bill would forbid state and local governmental units from disclosing the social security number of an individual in response to a request for a record containing personal information if that record was created or modified to include the social security number in 2003 or later, except under specific conditions. This provision would have no fiscal impact on the WTCS Board or the technical college districts.

The bill also would require technical college districts, along with other educational institutions, to adopt a policy on who may enter a locker room used by the school to interview or seek information from any person. This provision would have no fiscal impact on the technical college districts.

Long-Range Fiscal Implications
