LRB Number	01-3878/1	Introduction Number	AB-574	Estimate Type	Original				
Subject									
Termination of parental rights on grounds of parenthood as a result of sexual assault committed by mother									

## Assumptions Used in Arriving at Fiscal Estimate

The number of women who become pregnant annually as a result of sexually assaulting a child under sixteen and thus who would be eligible to possibly lose parental rights under this proposed statute is unknown, but is likely a small number. Additionally, it is likely that not all such pregnancies will result in an action to terminate their parental rights actions being sought against them.
