Subject					
Stalking	•				

Assumptions Used in Arriving at Fiscal Estimate

This bill will likely increase the number of persons charged with stalking and also likely increase the number of such cases that go to trial rather than being plea bargained. Both of these elements will increase the workload in district attorneys offices, but the actual number of additional cases is unknown.

Long-Range Fiscal Implications

If this bill were to become law, the actual impact on DA workload should be monitored to determine if additional prosecutorial resources are needed.
