Subject Suspend drivers licenses for weapons in schools		

Assumptions Used in Arriving at Fiscal Estimate

Note: The WisDOT FE for AB171, the companion bill to SB99 shows "No Fiscal Effect" as it was done prior to the "Indeterminable" check box being added to this form.

Key Assumptions

- SB99 would require WisDOT to suspend the driving privilege of any person convicted of making a bomb threat, or carrying or discharging a firearm in a school zone.
- There is no data available on the number of convictions for these offenses because they represent a very small part of much larger categories of offenses.
- Courts will provide WisDOT with notification of these mandatory convictions. WisDOT will take action based on this information.

Conclusion

- No modifications to DMV automated systems.
- Indeterminable ongoing DMV workload impact for processing this type of licensing actions.
- Indeterminable ongoing revenue impact from offenders obtaining occupational licenses and from reinstating their privileges upon eligibility.

Basis for Conclusion

- Existing automated systems allow for processing of the automated aspects of licensing actions of these types.
- There is no way of knowing how many individuals are convicted or will be convicted of these offenses. There may be an indeterminable increase in workload from this bill.
- For those cases where WisDOT takes action, there will be an indeterminable revenue increase from the collection of \$40 occupational license fees and \$50 reinstatement fees.
