Assumptions Used in Arriving at Fiscal Estimate

There are no data by which to estimate the number of additional cases that would be referred to district attorneys offices were this bill to be enacted. The number may be very small if we assume that a person committing a crime who would be arrested under this bill by an out of jurisdiction police officer would eventually have been captured. Under this assumption, the case would have been referred to the DA office anyway. It is only the timing of the referral that may have changed.
