Senate Bill 72

Deschane, Brian

From: Hogan, John
Sent: Monday, January 31, 2005 5:56 PM
To: Deschane, Brian
Subject: RE: Leibham/Suder Co-Sponsorship LRB 0406/1 & 0696/1 - Deadline Friday, Feb. 11

Re: Co-sponsorship of LRB-0409/1 and 0696/1, relating to prohibiting an organization or affiliate of an organization that engages in abortion-related activities from receiving certain public funds, prohibiting an organization that receives certain public funds from using other public and private funds for abortion-related activities, specifying restrictions on affiliation between certain organizations, changing the types of information that may be provided by organizations that receive the funds, changing requirements related to the maternal and child health program and family planning services, and requiring audits.

We are introducing LRB-0409/1 and LRB 0696/1 as companion bills, which are re-drafts of [REDACTED] [REDACTED] were introduced during the last legislative session. These proposals would prohibit an organization that engages in abortion related activities from receiving public funds. The legislation would also change the type of information that may be provided by organizations that receive public funds for pregnancy programs and allows state tax dollars to be invested in programs and organizations that promote, encourage and counsel prenatal care, delivery and infant care, foster care or adoption. The U.S. Supreme Court has ruled it constitutional for the government to make a policy choice favoring childbirth over abortion and to implement that policy in its funding decisions. The intent of LRBs-0409/1 and 0696/1 is simply to continue Wisconsin's long history of favoring childbirth over abortion.

If you would like to co-sponsor our companion bills (LRB-0409/1 and LRB 0696/1) please contact Rep. Suder's Office at 7-0280 or Sen. Leibham's Office at 6-2056 by Friday, February 11, 2005. Thank you.

Analysis by the Legislative Reference Bureau

Under current law, federal funds passing through the state treasury and state and local funds may not be paid as funding that involves a pregnancy program, project, or service under a specific state program (adolescent pregnancy prevention and pregnancy services, adolescent self-sufficiency and pregnancy prevention, adolescent choices, welfare and hygiene of maternity and infancy, family planning, pregnancy counseling, and outreach to low-income pregnant women and a program under federal maternal and child health services block grants), if the pregnancy program, project, or service using these federal, state, or local funds, using income derived from the funds, or using matching funds provides abortion services; promotes, encourages, or counsels in favor of abortion services; or makes abortion referrals either directly or through an intermediary in any instance other than when an abortion is directly and medically necessary to save the life of the pregnant woman. The funds also may not be paid if the pregnancy program, project, or service is funded from another source that requires performance of the abortion-related activities. The restriction applies only to the extent that applying it does not result in the loss of any federal funds. An organization that violates the prohibition may not receive the funds for 24 months after the violation and must return all funds paid under the grant, subsidy, or other funding; and the grant, subsidy, or other funding is terminated. This law exempts from the prohibition the providing of nondirective information explaining prenatal care and delivery; infant care, foster care, or adoption; or pregnancy termination.

Also under current law, federal funds passing through the state treasury and state and local funds may not be paid for the performance of an abortion other than an abortion that is directly and medically necessary to save the life of the pregnant woman, in a case of sexual assault or incest, or if, due to a medical condition existing before the

abortion, the physician determines that the abortion is directly and medically necessary to prevent grave, long-lasting, physical health damage to the pregnant woman.

This bill expands the prohibitions on payment of public funds to an organization that engages in abortion-related activities, in the following ways:

1. The bill eliminates the provision that specifies that the prohibitions on the use of the funds apply only to the extent that applying them does not result in the loss of any federal funds; thus, the bill applies the prohibitions to all public funds, except to the extent that applying the prohibitions would result in the loss, by a medical school or medical residency program, of accreditation from a national accrediting organization or agency.

2. The bill applies the prohibition to abortion-related activities other than to abortions that are performed to save the lives of pregnant women, in cases of sexual assault or incest, or to prevent grave, long-lasting, physical health damage to pregnant women, as those particular abortions apply to funding for Medical Assistance and the Badger Care health care program.

3. The bill prohibits payment to an organization that is affiliated with an organization that engages in abortion-related activities or that receives funds from any source that requires, for receipt of the funds that the affiliate engage in abortion-related activities, unless the organizations are physically and financially independent from each other. Specifically, the two organizations may not share the same or a similar name; medical or nonmedical facilities, equipment, or supplies; services; income, grants, donations, and other revenue; financial accounts; fund-raising activities; expenses; employees; employee wages or salaries; databases; or marketing materials and other promotional products. They also may not be located in the same building, must be separately incorporated, and must maintain financial and database records that demonstrate that the affiliate receives no economic or marketing benefit from the funded organization.

4. The bill prohibits a publicly funded organization from transferring public funds to another organization or to an affiliate of the organization that provides abortion-related activities or that receives funds from any source that requires, for receipt of the funds, that the organization or affiliate engage in abortion-related activities.

5. The bill changes the definition of "pregnancy program, project, or service" so as to apply the prohibitions to funding of an organization that provides *any* of several specified services, rather than *all* of the services.

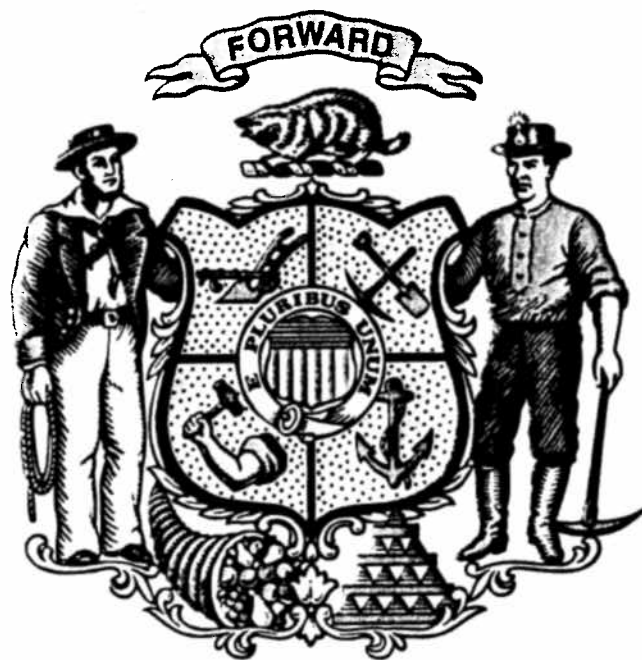

6. The bill applies the prohibitions to an organization that engages in abortion-related activities, rather than an organization that uses program funds (public funds, income from public funds, or matching funds) for the abortion-related activities, except to the extent that applying the prohibitions would result in the loss, by a medical school or medical residency program, of accreditation from a national accrediting organization or agency.

The bill also expands prohibited abortion-related activities that are related to promoting, encouraging, or counseling in favor of abortion services to include acting to assist women to obtain abortions; acting to increase the availability or accessibility of abortion for family planning purposes; lobbying for passage of legislation to increase the availability of abortion; providing speakers to promote the use of abortion; paying dues to a group that advocates abortion; using legal action to make abortion available; and developing or disseminating materials that advocate abortion.

The bill authorizes the filing of a petition for a writ of mandamus or prohibition with the circuit court of the county where a violation of the prohibitions is alleged to have occurred or is proposed to occur. The bill also requires the Legislative Audit Bureau to conduct an audit every three years of each organization receiving the public funds to determine if the organization or the state agency or local governmental unit has strictly complied with the requirements or prohibitions. If the publicly funded organization is an affiliate of an organization that engages in abortion-related activities or that receives funds from any source that requires, for receipt of the funds, that the affiliate engage in abortion-related activities, the audit must be conducted annually.

Lastly, the bill eliminates authorization, including authorization under the maternal and child health and family planning laws, to provide nondirective information about pregnancy termination and, instead, specifies that an organization that receives the funds is not prohibited from promoting, encouraging, or counseling in favor of or referring directly or through an intermediary for prenatal care and delivery and infant care, foster care, or adoption.

Subject: Senate Committee on Judiciary changes needed

Hi, Alex, there are a bunch of folks listed for SB 72 from the Senate committee hearing that need to be changed. Everyone listed as speaking for SB 72 really registered against it except for Senator Leibham and Mary Klaver. All of the people after them need their registration changed: Lisa, Jackie, Rebecca, Ryan, etc all the way to the end: Lon, Julie, Marissa and Kelsey. If you have any questions, please feel free to email or call me. I'm going to go over SB 97 registrations next. If there are problems with it, I'll email that to you, also.

Thanks for the help on this matter,
Kimber

Hi, Brian -

We're still actively compiling the committee records on our issues and I noticed that these weren't changed. Wondering if you've heard from the chief clerk's office.

Thanks,
Lauren

4/12/2006

Lauren,

I have contacted the chief clerk's office re: these discrepancies. I will follow up with them this afternoon.

As soon as they have advised me of a record adjustment, I will contact you. Sorry for the inconvenience. I will see to it that the necessary changes are made and that you get a chance to review them.

Hello, Mr. Deschane -

Just want to touch base on the issue I emailed about previously. I'm CC'ing other staff of Senator Zien's office in case I have incorrectly emailed you.

Please advise.

Thank you,
Lauren

Subject: Senate Committee on Judiciary committee hearings

Mr. Deschane,

In collecting data on committee hearings related to bills our organization is lobbying on, I noticed some discrepancies. Senate Bill 72 and Senate Bill 97 had simultaneous hearings on 09/22/05. In the records from this hearing, there are several people registered incorrectly. I viewed these records via http://folio.legis.state.wi.us/cgi-bin/om_isapi.dll?clientID=32866622&infobase=records.nfo&softpage=Browse_Frame_Pg

"Appearances For" for SB 72 list several people we know were actually "Appearances Against" or "Registered Against," including but not limited to:

Lisa Boyce, Planned Parenthood of Wisconsin
Jackie Nesbitt, Madison
Rebecca Young, Madison
Marc Herstand, National Association of Social Workers

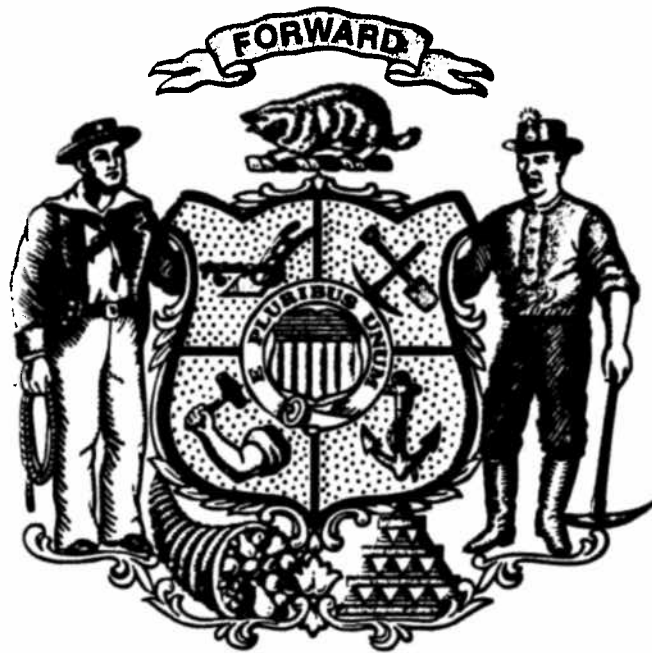

Stacy Harbaugh, Wisconsin Women's Network
Emily Hynek, NASW
Judy Skog, Madison
Julie Worzala, Madison
David Worzala, Madison
Wendy Cooper, Religious Coalition for Reproductive Choice
Robyn Klinge, Madison
Kathy Osborne, American College of Nurse Midwives
Nora Cusack, Women's Medical Fund
Jeanne Bissell, Madison
Lon Newman, Wausau
Kelsey Lensmire, Madison

This is a limited list of people we recognized. These are similar people who registered against SB 97. Is it possible for you to review the hearing slips and correct this? Also, is it possible for me to receive copies of the hearing slips as well?

I look forward to your reply.

Thank you,

Dear Faithful Pro-Life Friend,

It's time to renew your 2005 support of Pro-Life Wisconsin!

I'm so excited to give you the opportunity to say "YES" to the life-saving work God allows us to be a part of. Here are just a few of the reasons I need you to complete the enclosed pledge card and send to the State Office immediately:

- 1) **Governor Doyle has publicly declared war on the tiniest human beings in 2005.** Sadly, our radically pro-abortion governor wants to use millions of OUR tax dollars to create even more research centers to destroy preborn babies in their first stages of life in order to harvest their stem cells. He needs the Legislature's approval and we'll have a huge battle on our hands in Madison! Pro-Life Wisconsin will lead the charge for LIFE.
- 2) **Planned Parenthood of Wisconsin wants to force all hospitals to become abortionists and stop our efforts to protect pro-life pharmacists.** The pro-abortionists recently released their "legislative priorities" for 2005. They couldn't be more heinous! Believe it or not, they want to pass legislation forcing all hospitals to dispense the abortion-causing "morning after pill"---even Catholic hospitals! They have the support of some high-ranking legislators, but we're making it a priority to protect the rights of these hospitals! In addition, Planned Parenthood has publicly said their #1 priority will be to stop Pro-Life Wisconsin's continued efforts to protect the consciences of pro-life pharmacists.
- 3) **We're winning over grassroots Wisconsinites and mobilizing more pro-lifers at a faster rate than ever before!** 2004 was an exciting time for grassroots pro-lifers. We mobilized more pro-lifers than ever before to make a difference in their communities. From Madison to Chippewa Falls and Delavan to Appleton, Pro-Life Wisconsinites continue to change hearts and minds and remind their neighbors that we'll never rest until legal abortion is properly placed on the trash heap of history.

On a daily basis, Pro-Life Wisconsin's staff serves the needs of pro-lifers around our state. Whether it's providing educational materials or speaking at public events, lobbying at the State Capitol to providing a 100% pro-life voice to the news media---our work never ceases.

But we can't do it without your support. This is YOUR organization...and we need your generous support to keep fighting the good fight on behalf of all the babies.

...please keep reading

By renewing your 2005 support of Pro-Life Wisconsin with a gift of at least \$25, you'll receive the following:

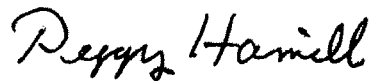

- ✓ A subscription to Pro-Life Wisconsin's newsletter, *The Banner*. This newsletter continues to receive rave reviews from readers for its "Calls to Action", reports of grassroots pro-life victories, and encouragement.
- ✓ An opportunity to receive Pro-Life Wisconsin's "Monday Updates" via email. These updates keep you abreast of national, state and local pro-life news. We don't fill your email box several times a week...you receive important news in this comprehensive once a week update.
- ✓ A sticker for your car window letting people know that you're 100% pro-life!
- ✓ The peace-of-mind that comes from knowing that you're supporting an organization that will never compromise even one baby's life...no matter the political pressure!

Your gift today of \$25, \$50, \$100...maybe even \$500 will help us continue with our work, without missing a beat.

Please complete the enclosed pledge card and return it in the envelope we've provided. The opponents of LIFE aren't wasting any time in setting their priorities for 2005...and we need your help to make sure we're ready to face them head-on!

Thank you in advance for renewing your annual support of Pro-Life Wisconsin. You are a key member of our team...we rely on your support.

Peace in the Lord of Life,

Peggy Hamill, State Director

P.S. We can't forget that our battle is not just educational and legislative, but also spiritual. Please join me in renewing our commitment to PRAY for an end to abortion, a greater respect for all innocent human life and the work of Pro-Life Wisconsin. We need your financial support to keep up the fight, but your prayer support is never taken for granted! Thank you.
