LRB Number 07-0605/1	Introduction Number	AB-0120	Estimate Type	Original			
Description Requiring local governmental units to consider relationships with a drainage district in the preparation of comprehensive plans and requiring sellers of real property to disclose proximity of property to military bases and location within drainage districts							

## Assumptions Used in Arriving at Fiscal Estimate

The requirement for governmental units to consider drainage districts in their comprehensive plans already exists but has been overlooked because it has not been explicitly listed in the existing statutes. The cost of adding the disclosure would not be to local government.
