DOT 1/29/2008

LRB Number	07-1791/1	Introduction Number	AB-0565	Estimate Type	Original
Description Operating a motor vehicle without a valid driver's license or after suspension or revocation of an operating privilege and providing penalties					

Assumptions Used in Arriving at Fiscal Estimate

SUMMARY

This proposal aims to achieve three changes to state law:

- Restructuring the penalties for operating while suspended or revoked or without a license
- Changes the mandatory requirement that courts and DOT impose a revocation on a fourth offense operating while suspended making it permissive
- Makes changes to penalties for railroad crossing convictions

ASSUMPTIONS

DMV will have to update its withdrawal processing system to remove the mandatory revocation on fourth offense OWS. DMV customer contact staff will need to be briefed on the law changes so they can accurately assist customers trying to reinstate their licenses.

CONCLUSION

\$3400 one time costs for updating DMV systems to not process an automatic revocation when receiving a fourth offense operating while suspended conviction.
