Description Petitions for waiver of juvenile court jurisdiction and the criteria for that waiver					

Assumptions Used in Arriving at Fiscal Estimate

This bill makes several changes related to petitions for waiver of juvenile court jurisdiction and the criteria for that waiver. This bill would repeal language permitting a juvenile to file a petition for waiver of juvenile court jurisdiction, modify the factors that are used when weighing whether juvenile court jurisdiction should be retained or waived, and eliminate as a waiver criterion the desirability of trial and disposition of the entire offense in one court if the juvenile was allegedly associated in the offense with persons who will be charged with a crime in adult court.

It is not possible to determine how the changes included in this bill would impact on each individual juvenile court decision. If the court determines there is not sufficient evidence to waive juvenile court jurisdiction, the juvenile's correctional care would be paid from county Youth Aids allocations. If additional juveniles are given juvenile dispositions, Youth Aids allocations will not increase, and any additional expenditures may have to be paid from county funds, thus potentially raising local costs. On the other hand, if the court determines there is sufficient evidence to waive a juvenile into adult court jurisdiction, their DOC adult custodial care will continue to be paid for out of the GPR expenditure authority allotted to adult corrections.

The number of juveniles who would be waived into adult court jurisdiction cannot be estimated.
