Assumptions Used in Arriving at Fiscal Estimate

If enacted, this bill would change the definition of "local organization" for purposes of eligibility for a raffle license. The bill would change the statutes to include an organization whose activities are limited to a specific geographical area that is partly within this state and partly within another state.

The Department of Administration's Division of Gaming has determined that the bill would only affect a small number of organizations. As such, the Division of Gaming would be able to absorb the cost to process any license applications and there would be only a minor increase in the revenues generated by the change in the definition of "local organization." However, the increase in revenues and costs is indeterminate because it is not known how many of the newly eligible organizations would submit applications.

Long-Range Fiscal Implications

No long-range fiscal implications.
