Description Deployment of high-speed Internet services					

Assumptions Used in Arriving at Fiscal Estimate

This bill requires the PSC to contract with a nonprofit organization to conduct a broadband mapping project for the State of WI that meets at least the general information contained in the bill. The PSC has recently conducted a request for proposal process and is submitting a project proposal to the federal government for a broadband mapping project on August 14. The cost of the project is estimated to be between \$2.4 million and \$4.5 million over the course of five years. The project would be funded by a federal grant with 20% matching from the PSC.

Long-Range Fiscal Implications

Maintenance and update of data collections until no longer needed.
