Description Authorizing the Department of Public Instruction, the University of Wisconsin System, the Technical College System, and the Wisconsin Association of Independent Colleges and Universities to study each other's education programs, requiring a written agreement concerning such studies, and requiring the establishment of a longitudinal data system of student data					

Assumptions Used in Arriving at Fiscal Estimate

The proposed legislation requires the University of Wisconsin System, the Wisconsin Technical College System, the Department of Public Instruction, and the Wisconsin Association of Independent Colleges and Universities to establish a longitudinal data system of student data that links such data from preschool programs through postsecondary education programs.

The UW System anticipates increased costs to build and maintain a longitudinal data system. The actual fiscal effect of this legislation cannot be determined with the information provided.
