**PETITIONS AND COMMUNICATIONS**

**State of Wisconsin**

**Housing & Economic Development Authority**

August 25, 2009

The Honorable, The Legislature:

Pursuant to Wisconsin Statute 234.931(5), enclosed please find the folling report relating to Wisconsin Development Reserve Fund:

Annual Report of Guarantee Funds as of June 30, 2009

Should you have any questions or comments on the reports, please feel free to call me at 266-1640.

Sincerely,  
*LAURA B. MORRIS*  
Chief Financial Officer

---

**State of Wisconsin**

**Groundwater Coordinating Council**

August, 2009

The Honorable, The Legislature:

The Groundwater Coordinating Council (GCC) is pleased to release its 2009 Report to the Legislature. The GCC was formed in 1984 to help state agencies coordinate non-regulatory activities and exchange information on groundwater. For the past 25 years, the GCC has served as a model for interagency coordination and cooperation among state agencies, the Governor, local and federal government, and the university. It is one of the few groups in the nation to effectively coordinate groundwater activities in its state from an advisory position.

This report summarizes GCC and agency activities related to groundwater protection and management in FY 09 (July 1, 2008 to June 30, 2009) and provides an overview of the condition of the groundwater resource. See the Executive Summary for highlights and the GCC's recommendations in Directions for Future Groundwater Protection. The full report

will be made available online at <http://dnr.wi.gov/org/water/dwg/gcc/rtl/gccreport.htm>.

Highlights of the State's groundwater protection activities this past year include:

- Passage of the Great Lakes Compact and Implementing Legislation – 2008 Wisconsin Act 227.
- Implementation of 2003 Wisconsin Act 310 – the Groundwater Quantity Law – resulted in major improvements in the collection of high-capacity well pumpage data, with 2008 data setting a baseline for groundwater usage.
- GCC-facilitated research on virus-contamination of groundwater-supplied public drinking water supplies showed virus occurrence is more widespread than expected. New techniques for detecting and tracing viruses have been developed through this work.
- Key groundwater information and education efforts including Water Resources Institute publications of fact sheets on nitrate and arsenic in groundwater, groundwater teacher workshops, and a new outreach program created at the Wisconsin Geological and Natural History Survey.

We hope you will find this report to be a useful reference in protecting Wisconsin's valuable groundwater resource.

Sincerely,  
TODD AMBS  
Chair

---

**State of Wisconsin  
Legislative Audit Bureau**

September 2, 2009

The Honorable, The Legislature:

As required by s. 39.15, Wis. Stats., we have completed a limited-scope review of the medical education contract between the State of Wisconsin and the Medical College of Wisconsin, Inc., for fiscal year (FY) 2006-07 and FY 2007-08, and of other financial support provided by the State under s. 20.250 Wis. Stats. The State appropriated \$4.1 million in general purpose revenue to the Medical College for tuition aid for this period. In addition, the State provided approximately \$6.7 million in general purpose revenue for the development and operation of the Medical College's family practice residency program, the Medical College received \$294,876 in funding for breast cancer and prostate cancer research through the income tax check-off program, and the State made \$1.9 million in debt service payments related to general obligation bonds that it issued to fund certain construction projects at the Medical College.

Overall, we found that the Medical College was in compliance with its contract with the State and with requirements set forth in ss. 39.15 and 39.155, Wis. Stats. During our review, we found the students claimed for tuition aid were certified by the Higher Educational Aids Board as Wisconsin residents and were eligible to receive this aid. In addition, the Medical College targeted between 35 and 50 percent of first-year class openings for Wisconsin residents, promoted minority enrollment, and expended funds provided by the State in a manner consistent with legislative intent. Finally, the State's debt service payments agreed with the bond repayment schedules maintained by the Wisconsin Department of Administration for the applicable Medical College construction projects.

We appreciate the courtesy and cooperation extended to us by staff of the Medical College of Wisconsin during this review.

Sincerely,  
BRYAN NABB  
Deputy State Auditor for Financial Audit

---

**State of Wisconsin  
Public Service Commission**

September 2, 2009

The Honorable, The Legislature:

Enclosed is a copy of the annual report the Public Service Commission shall submit to the legislature as provided for in Wis. Stat. 1.11(2)(j). It reports on the number and type of proposed actions required the preparation of an environmental assessment or an environmental impact statement by the Commission between July 1, 2008, and June 30, 2009.

If you have any questions about this report, please contact our Environmental Analysis and Review Coordinator, Kathleen Zuelsdorff, at (608) 266-2730.

Sincerely,  
ERIC CALLISTO  
Chairperson
