PETITIONS AND COMMUNICATIONS

State of Wisconsin
Department of Administration

July 30, 2010

The Honorable, The Legislature:

This report is transmitted as required by s. 20.002(11)(f), Wisconsin Statutes, (for distribution to the appropriate standing committees under s. 13.172(3), Wisconsin Statutes) and confirms that the Department of Administration has found it necessary to exercise the “temporary reallocation of balances” authority provided by this section in order to meet payment

responsibilities and cover resulting negative cash balances during the month of June 2010.

On June 21, 2010, the General Fund cash balance closed at a negative \$8.2 million (its intra–month low). This negative balance continued through June 22, 2010, when the fund’s cash balance closed at a positive \$21.7 million. The negative balance was due to the difference in the timing of revenues and expenditures.

On June 1, 2010, the Medical Assistance Trust Fund cash balance closed at a negative \$298.4 million. This negative balance continued through June 30, 2010, when the fund’s cash balance closed at a negative \$257.2 million. The Medical Assistance Trust Fund cash balance reached its intra–month low of a negative \$299.2 million on June 4, 2010. The negative balance was due to the difference in the timing of revenues and expenditures.

On June 1, 2010, the Police and Fire Protection Fund cash balance closed at a negative \$10.0 million (its intra–month low). This negative balance continued through June 30, 2010, when the fund’s cash balance closed at a negative \$5.0 million. The negative balance was due to the difference in the timing of revenues and expenditures.

On June 30, 2010, the Environmental Fund cash balance closed at a negative \$10.0 million (its intra–month low). The negative balance was due to the difference in the timing of revenues and expenditure.

The General Fund, Medical Assistance Trust Fund, Police and Fire Protection Fund, and Environmental Fund shortfalls were not in excess of the statutory interfund borrowing limitations and did not exceed the balances of the funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund’s share. Therefore, the monthly calculation by the State Controller’s Office will automatically reflect the use of these temporary reallocations of balance authority, and as a result, the funds requiring the use of the authority will effectively bear the interest cost.

Sincerely,
DANIEL SCHOOFF
Secretary

Referred to joint committee on **Finance**.
