# Chapter ATCP 50

## Appendix A

### Application for Soil Testing Laboratory Certification

Wis. Stats. s. 92.05(3)(k) and Wis. Adm. Code s. ATCP 50.50

Mail Application to:

Wisconsin Department of Agriculture, Trade and Consumer Protection  
Division of Agricultural Resource Management – Nutrient Management  
PO Box 8911, Madison WI 53708-8911

For Office Use Only

Certification No. \_\_\_\_\_

Date Issued \_\_\_\_\_

Personal information on this application may be used for purposes other than laboratory certification (Wis. Stats. s. 15.04(1)(m)).

#### 1. Applicant (Laboratory Operator):

Legal Name: \_\_\_\_\_

Business Form (Check One):

- Individual  
  Corporation  
  Partnership  
  Cooperative  
  LLC  
  LLP  
 Other \_\_\_\_\_

State of Formation (if other than individual): \_\_\_\_\_

Trade Name (if different from legal name): \_\_\_\_\_

#### 2. Laboratory:

Laboratory Administrator (Name of Individual): \_\_\_\_\_

Mailing Address: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Telephone Number: (\_\_\_\_) \_\_\_\_\_ Fax Number (\_\_\_\_) \_\_\_\_\_

#### 3. Soil Tests and Services that the Laboratory Can Provide (Check All that Apply):

REQUIRED FOR CERTIFICATION:

- Soil pH  
  Buffer pH  
  Phosphorus(P)  
  Potassium(K)  
  Organic Matter(OM)  
 Nutrient Recommendations (N, P, K)  
 Lime Recommendations

OTHER TESTS AND SERVICES:

- Other Plant Nutrient Tests  
 Manure Analysis  
 Other Tests or Services

#### 4. Laboratory Qualification to Perform Required Tests:

The applicant certifies that the laboratory is qualified and able to perform all soil tests required for certification (see 3. above), and performs those tests according to applicable standards and methods specified in the following publications:

- a. *Nutrient Application Guidelines for Field, Vegetable and Fruit Crops, UW-Extension Publication A2809 (2006).*
- b. *Wisconsin Procedures for Soil Testing, Plant Analysis and Feed & Forage Analysis, Department of Soil Science, University of Wisconsin-Madison (December, 2007).* A copy can be found at the following web address:  
<http://www.datcp.state.wi.us/arm/agriculture/land-water/conservation/nutrient-mngmt/planning.jsp>

**5. Certification Conditions:**

The applicant agrees to the following certification conditions (failure to comply may result in de-certification):

- a. The laboratory will comply with applicable requirements in Wis. Adm. Code ch. ATCP 50, including ss. ATCP 50.50(4) to (6) related to nutrient recommendations, laboratory records and laboratory evaluation.
- b. Twice each year, in February and August, the laboratory will analyze check samples provided by the University of Wisconsin Soil and Plant Forage Analysis Laboratories (SPAL). The laboratory will assume all costs of the analyses. The laboratory will analyze the SPAL check samples for soil pH, buffer pH, phosphorus (P), potassium (K), and organic matter (OM). The laboratory may also submit additional soil test analysis for Ca, Mg, B, Mn, Zn, SO<sub>4</sub>-S, and NO<sub>3</sub>-N with required semi annual check sample results, but is not required to do so. Based on these analyses, and other information provided by SPAL, the laboratory will report all of the following to SPAL within the time period set by SPAL:
  - Test results for soil pH, buffer pH, phosphorus (P), potassium (K) and organic matter (OM).
  - Lime and nutrient recommendations (N, P, K) according to 4. above.
  - The laboratory may also submit additional soil test results for Ca, Mg, B, Mn, Zn, SO<sub>4</sub>-S, and NO<sub>3</sub>-N with required semi annual check sample results, but is not required to do so.
- c. At least 66% of the check sample results under par. b. must be within one standard deviation of the mean, and at least 40% of the check sample results for each parameter must be within one standard deviation of the mean.
- d. Each month, except in January, February and August, the laboratory will submit 5-10 of its own soil samples to SPAL, together with the results of its tests on those samples. Test results will include soil pH, buffer pH, phosphorus (P), potassium (K) and organic matter (OM). The laboratory may submit results for other plant nutrient tests, but is not required to do so. SPAL will analyze the samples and provide the laboratory with SPAL's test results for comparison.
- e. Laboratory staff will attend educational soil testing meetings sponsored by SPAL.
- f. SPAL representatives may visit the laboratory, and review laboratory procedures, as SPAL deems necessary. SPAL may send double blind soil samples to the laboratory, under the name of another lab client, to evaluate the accuracy of the laboratory's test results and recommendations. The laboratory will waive the cost of analyzing the double blind samples, if SPAL requests a waiver.
- g. The laboratory will submit periodic reports to SPAL, summarizing the results of all soil tests conducted by the laboratory since the end of the period covered by the last periodic report. The laboratory will submit the reports in a format, and according to a schedule, specified by SPAL. SPAL may include the soil test data in its statewide summary of soil test data.
- h. Upon request, the laboratory will make available to SPAL and the Department of Agriculture, Trade and Consumer Protection, for inspection and copying by SPAL or DATCP, copies of all test records that the laboratory is required to keep under Wis. Adm. Code s. ATCP 50.50(5).

The applicant certifies that all information contained in this application is true, correct, and complete.

# Chapter ATCP 50

## Appendix G

### Technical Standards Incorporated by Reference

Chapter ATCP 50, Wis. Adm. Code, incorporates the following technical standards by reference. *Primary standards* are specifically identified in ATCP 50. *Secondary standards* are incorporated by reference in one or more primary standards. The following list identifies each primary and secondary standard and its date of publication. Copies of each standard are on file with the department and the legislative reference bureau. The county land conservation committee normally has inspection copies on file. The following list explains how to obtain copies from the publisher. Future updates to technical standards are *not* automatically incorporated into ATCP 50. The department may incorporate future updates in future rule amendments.

#### Primary Standards

1. ***United States Department of Agriculture, Natural Resources Conservation Service, Wisconsin, Section IV, Technical Guide (“NRCS technical guide”) standards.*** A person may obtain copies of the following standards from the NRCS Wisconsin State Office, 8030 Excelsior Drive, Suite 200, Madison WI 53717-2906. Phone: 608-276-8732. Website: [www.nrcs.usda.gov](http://www.nrcs.usda.gov).
  - Access Road Standard 560 (August, 2006).
  - Animal Trails and Walkways Standard 575 (August, 2006).
  - Channel Stabilization Standard 584 (July, 2003).
  - Closure of Waste Impoundments Standard 360 (November, 2006).
  - Contour Farming Standard 330 (May, 2002).
  - Cover Crop Standard 340 (June, 2002).
  - Critical Area Planting Standard 342 (June, 2002).
  - Diversion Standard 362 (August, 2006).
  - Fence Standard 382 (November, 1999).
  - Field Border Standard 386 (May, 2002).
  - Filter Strip Standard 393 (January, 2001).
  - Fish Passage Standard 396 (June, 2008).
  - Grade Stabilization Structure Standard 410 (July, 2001).
  - Grassed Waterway Standard 412 (June, 2008).
  - Heavy Use Area Protection Standard 561 (August, 2008).
  - Irrigation Regulating Reservoir Standard 552 (May, 2004).
  - Irrigation System, Sprinkler Standard 442 (May, 2004).
  - Irrigation System, Tailwater Recovery Standard 447 (June, 2008).
  - Irrigation Water Conveyance Aluminum Tubing Pipeline Standard 430AA (May, 2004).
  - Irrigation Water Conveyance High-Pressure, Underground, Plastic Pipeline Standard 430DD (May, 2004).
  - Irrigation Water Management Standard 449 (May, 2004).
  - Lined Waterway or Outlet Standard 468 (August, 2006).
  - Manure Transfer Standard 634 (February, 2007).
  - Mulching Standard 484 (June, 2002).
  - Nutrient Management Standard 590 (September, 2005).
  - Obstruction Removal Standard 500 (May, 2002).
  - Open Channel Standard 582 (May, 2002).

- Pasture and Hayland Planting Standard 512 (June, 2002).
- Pest Management Standard 595 (June, 2003).
- Pipeline Standard 516 (April, 2002).
- Pond Standard 378 (July, 2001).
- Pond Sealing or Lining, Flexible Membrane Lining Standard 521A (March, 2008).
- Pond Sealing or Lining-Bentonite Treatment Standard 521C (October, 2007).
- Prescribed Grazing (Managed Grazing-Wisconsin) Standard 528 (December, 2005).
- Pumping Plant Standard 533 (July, 2003).
- Recreation Trail and Walkway Standard 568 (October, 2007).
- Residue and Tillage Management-No Till/Strip Till/Direct Seed Standard 329 (October, 2006).
- Residue and Tillage Management-Mulch Till Standard 345 (October, 2006).
- Residue Management- Seasonal Standard 344 (October, 2006).
- Riparian Forest Buffer Standard 391 (January, 2001).
- Roof Runoff Structure Standard 558 (January, 2008).
- Sediment Basin Standard 350 (August, 2008).
- Shoreland Habitat Standard 643A (July, 2001).
- Sinkhole Treatment Standard 725 (March, 2000).
- Spoil Spreading Standard 572 (May, 2002).
- Spring Development Standard 574 (June, 2008).
- Streambank and Shoreline Protection Standard 580 (December, 2005).
- Stripcropping Standard 585 (June, 2002).
- Structure for Water Control Standard 587 (June, 2002).
- Subsurface Drain Standard 606 (June, 2002).
- Surface Drainage, Field Ditch Standard 607 (June, 2003).
- Surface Drainage, Main or Lateral Standard 608 (August, 2006).
- Terrace Standard 600 (June, 2002).
- Tree/Shrub Establishment Standard 612 (April, 2003).
- Underground Outlet Standard 620 (May, 2002).
- Use Exclusion Standard 472 (June, 2002).
- Vegetated Treatment Area Standard 635 (August, 2008).
- Waste Storage Facility Standard 313 (December, 2005).
- Waste Treatment Standard 629 (August, 2008).
- Water & Sediment Control Basin Standard 638 (July, 2001).
- Watering Facility Standard 614 (April, 2002).
- Water Well Standard 642 (May, 2005).
- Well Decommissioning Standard 351 (May, 2008).
- Wetland Restoration Standard 657 (September, 2000).
- Wildlife Upland Habitat Management Standard 645 (July, 2000).
- Windbreak/Shelterbelt Establishment Standard 380 (June, 2002).

2. **University of Wisconsin-Extension Publications.** A person may obtain copies of the following standards from Cooperative Extension Publications, 45 North Charter Street, Madison WI 53715. Phone: 877-WIS-PUBS (947-7827). E-mail: [reitzman@admin.uwex.edu](mailto:reitzman@admin.uwex.edu)

- Nutrient application guidelines for field, vegetable, and fruit crops in Wisconsin, UWEX Pub. No. A2809 (2006).
- Soil Test Recommendations for Field, Vegetable and Fruit Crops, UWEX Pub. No. A-2809 (1998).
- Pollution Control Guide for Milking Center Waste Water Management, UWEX Pub. No. A3592 (1994).
- Pastures for profit: A guide to rotational grazing, UWEX Pub. No. A3529 (2002).

- Recommended Methods of Manure Analysis, UWEX Pub. No. A3769 (2003).
3. **Wisconsin Department of Natural Resources Standards.** A person may obtain these standards from the Wisconsin Department of Administration, Document Sales Unit, 202 S Thornton Ave, PO Box 7840, Madison WI 53707-7840. Phone: 608-266-3358. E-mail: [docsales@doa.state.wi.us](mailto:docsales@doa.state.wi.us).
    - Wet Detention Basin Standard 1001 (June, 1999).
    - “Wisconsin Construction Site Best Management Practice Handbook”, DNR Publication No. WR-222 93 (April 1994).
  4. **United States Department of Agriculture, Natural Resources Conservation Service-Wisconsin.**
    - Wisconsin Conservation Planning Technical Note WI-1, “Companion Document to NRCS FOTG Standard 590, Nutrient Management”. (September, 2007). A person may obtain copies of this standard from the NRCS Wisconsin State Office, 8030 Excelsior Drive, Suite 200, Madison, WI 53717-2906. Phone: 608-276-8732. Website: [www.nrcs.usda.gov](http://www.nrcs.usda.gov).
    - Revised Universal Soil Loss Equation, Version 2 (“RUSLE 2”), (November 14, 2006). This software contains 9 previous versions as well as the 2006 version and may be downloaded free of charge from: [http://fargo.nserl.purdue.edu/rusle2\\_dataweb/RUSLE2\\_Index.htm](http://fargo.nserl.purdue.edu/rusle2_dataweb/RUSLE2_Index.htm)
  5. **American Society of Civil Engineers (ASCE), Minimum Design Loads for Buildings and Other Structures, ASCE/SEI 7-05 (2006).** A person may obtain this standard from ASCE Publications, 1801 Alexander Bell Drive, Reston, VA 20191. Phone: 800-548-ASCE (2723). Email: [www.asce.org/asce.cfm](http://www.asce.org/asce.cfm).
  6. **University of Wisconsin-Madison, Biological Systems Engineering Department.** Wisconsin Minimum Design and Construction Standards for Concrete Mixing and Loading Pads and Secondary Containment Structures (February, 2005). A person may obtain this standard from the Biological Systems Engineering Dept., University of Wisconsin-Madison, 460 Henry Mall, Madison WI 53706. Phone: 608-262-3311. E-mail: [hkirschn@facstaff.wisc.edu](mailto:hkirschn@facstaff.wisc.edu)
  7. **University of Wisconsin-Madison, Soil Science Department.** Wisconsin Procedures for Soil Testing, Plant Analysis and Feed & Forage Analysis (December 2007). A person may obtain this standard from the Soil Science Department, University of Wisconsin-Madison, Madison, WI 53706, or from this department’s website: <http://www.datcp.state.wi.us/arm/agriculture/land-water/conservation/nutrient-mngmt/planning.jsp>.

## Secondary Standards

1. **United States Department of Agriculture, Natural Resources Conservation Service – Wisconsin, Section IV, Technical Guide (“NRCS technical guide”).** A person may obtain copies of the following standards from the NRCS Wisconsin State Office, 8030 Excelsior Drive, Suite 200, Madison WI 53717-2906. Phone: 608-276-8732. Website: [www.nrcs.usda.gov](http://www.nrcs.usda.gov).
  - Conservation Crop Rotation Standard 328 (May, 2002).
  - Forest Site Preparation Standard 490 (June, 2002).
  - Stream Crossing Standard 578 (August, 2006).
  - Stream Habitat Improvement and Management Standard 395 (May, 2006).
  - Hedgerow Planting Standard 422 (June, 2002).
  - Prescribed Burning Standard 338 (March, 2008).
  - Wildlife Watering Facilities Standard 648 (October, 1991).

- Wisconsin Construction Specification 2, "Excavation" (July, 2008).
  - Wisconsin Construction Specification 3, "Earthfill" (June, 2005).
  - Wisconsin Construction Specification 4, "Concrete" (September, 2003).
  - Wisconsin Construction Specification 6, "Corrugated Metal Pipe Conduits" (April, 2006).
  - Wisconsin Construction Specification 9, "Rock Riprap" (July, 2008).
  - Wisconsin Construction Specification 10, "Fences" (June, 2002).
  - Wisconsin Construction Specification 13, "Geotextiles" (May, 2008).
  - Wisconsin Construction Specification 15, "Plastic Pipe Conduits" (January, 2006).
  - Wisconsin Construction Specification 19, "Well Abandonment/Decommissioning" (May, 2006).
  - Wisconsin Construction Specification 202 "Polyethylene Geomembrane Lining" (December, 2005).
  - Wisconsin Construction Specification 203 "Geosynthetic Clay Liner" (March, 2005).
  - Wisconsin Construction Specification 204 "Earthfill for Waste Storage Facilities" (March, 2005).
  - Wisconsin Construction Specification 205 "Flexible Membrane Lining" (April, 1999).
  - Wisconsin Construction Specification 300 "Clay Liner" (December, 2005).
2. **United States Department of Agriculture, Natural Resources Conservation Service, Agricultural Waste Management Field Handbook, Part 651.** A person may obtain copies of the following standards from the NRCS Wisconsin State Office, 8030 Excelsior Drive, Suite 200, Madison WI 53717-2906. Phone: 608-276-8732. Website: [www.nrcs.usda.gov](http://www.nrcs.usda.gov).

ATCP 30.30 through ATCP 30.32.

Wisconsin Department of Agriculture, Trade and Consumer Protection

**Business Impact Analysis**

**Rule Subject:** Minor and Technical Rule Changes  
**Adm. Code Reference:** ATCP 3, 10, 12, 21, 29, 30, 31, 33, 40, 50, 51, 55, 60, 70, 75, 90, 92, 103, 118, 123, 124, , 136 and 160.  
**Rules Clearinghouse #:** 08-075  
**DATCP Docket #:** 06-R-13

**Rule Summary**

This rule makes minor or technical changes to a number of current DATCP rules. This rule does all of the following:

**Electronic Processing of License Applications; Cost Recovery**

- Authorizes DATCP to assess a \$3 fee for electronic licensing transactions (in addition to other license fees), to cover DATCP's electronic licensing costs. Electronic processing, if offered, is offered as a voluntary option for license applicants.

**Agricultural Chemical Cleanup Program; Surcharge Adjustment**

- Reduces current agricultural chemical cleanup program surcharges paid by pesticide and fertilizer license holders, consistent with 2007 Wisconsin Act 20 (biennial budget act). DATCP has already implemented the reduced statutory surcharges (this rule merely conforms current rules to the new statutory amounts).

**Atrazine Use Regulations**

- Revises the format of current maps showing some of the land areas where application of atrazine pesticides is currently prohibited by rule (this rule does not change the actual prohibition areas).
- Restores a provision inadvertently deleted from the atrazine rule in a prior rulemaking proceeding, when the rule was modified for other reasons. The restored provision allows farmers to apply an additional 0.5 lbs. of atrazine per acre on medium- or fine-textured soils (up to 1.5 lbs. per acre rather than 1.0 lb. per acre), if no atrazine was applied in the preceding year. The restored provision is consistent with how DATCP has always administered the atrazine rule, so there will be no change in actual use practices.

### **Pesticide Manufacturers and Labelers Fees**

- Clarifies that a current rule prohibiting refunds of pesticide license fees does not prohibit certain reimbursements that are authorized by statute and paid as credits against the next year's license fees.

### **Land and Water Conservation Program**

- Updates technical standards incorporated by reference in current land and water conservation rules (ATCP 50). This rule does not substantially alter current standards or requirements.
- Gives DATCP more latitude to extend land and water conservation funding for county cost-share contracts with landowners that were signed, but not completed, during the preceding year (extends signing deadline from December 1 to December 31).
- Extends the current mid-year deadline for counties to file cost-share reimbursement requests with DATCP (from June 1 to July 1).
- Updates current standards for the certification of agricultural engineering practitioners under the land and water conservation program, consistent with current standards published by the United States Department of Agriculture, Natural Resource Conservation Service ("NRCS").
- Updates current standards used by certified soil testing laboratories under the land and water conservation program, consistent with updated standards published by the University of Wisconsin-Extension and University of Wisconsin-Madison.

### **Meat Inspection**

- Corrects erroneous cross-references to federal meat inspection regulations in state meat inspection rules.

### **Dairy Inspection**

- Changes, from 7 days to 14 days, the time period within which dairy plants must report high somatic cell counts in goat milk and take follow-up samples related to high bacterial counts.

### **Weights and Measures**

- Updates technical standards incorporated by reference in current packaging and labeling and weights and measures rules (ATCP 90 & 92), including the latest standards published by the National Institute of Standards and Technology.

### **Car Rental Notices**

- Incorporates statutory provisions requiring car rental companies to notify prospective renters if the rental company may charge the renter's credit card for forfeitures and other costs incurred but not paid by the renter for nonmoving traffic violations (parking tickets).

### **Fair Premium Aids**

- Authorizes DATCP to pay county and district fair premium aids based on total county and district fair premiums paid (current rule requires payment based on total premiums less entry fees).

### **Other Technical Changes**

- Modifies current *notes* to reflect the fact that rules and related documents are now filed with the legislative reference bureau, not the revisor of statutes or secretary of state (the revisor of statutes office was eliminated by 2007 Wis. Act 20).
- Corrects minor errors in current rules.
- Makes minor organizational, drafting and terminology changes.

### ***Business Impact***

This rule will not have any significant impact on small business or other business. This rule makes minor and technical "housekeeping" changes that will not have a significant impact on business standards, costs or operations.

### ***Steps to Assist Small Business***

This rule does not have a significant impact on small business, and does not make any special exceptions for small business.

*Conclusion*

This rule does not materially affect small business, and is not subject to the delayed small business effective date provided in s. 227.22(2)(e), Stats.

**Assumptions Used in Arriving at Fiscal Estimate**

This rule makes minor technical changes to a number of existing rules. This rule will have no fiscal effect on the department or local units of government.

-This rule will allow the department to charge license applicants an additional \$3 for electronic processing of licenses (as authorized by statute), if applicants choose that option. However, that option is not currently available except on a few simple licenses.

-This rule adjusts current agricultural chemical cleanup program surcharges paid by fertilizer and pesticide license holders to conform to the new (lower) amounts specified by statute. However, DATCP has already implemented the new amounts, so this rule will not change the surcharge amounts currently being paid.

-This rule will not have a substantial impact on DATCP administrative or operating costs.

**Long-Range Fiscal Implications**
