**Assumptions Used in Arriving at Fiscal Estimate**

The local fiscal effect is indeterminate. Local government health benefit plans could experience an increase in costs with the passage of this bill if they are required to reduce any current deductible, coinsurance, or copayment amounts for oral chemotherapy that are set at a higher amount than other forms of chemotherapy. OCI does not collect the required information related to the design, participation levels and cost of local government health benefit plans to make a fiscal effect determination.

**Long-Range Fiscal Implications**
