Fiscal Estimate Narratives DWD 10/21/2011

LRB Number 11-3063/1	Introduction Number	SB-219	Estimate Type	Original		
Description						
Various changes in the unemployment insurance law, providing a penalty, and making appropriations						

Assumptions Used in Arriving at Fiscal Estimate

The bill provides for numerous changes to the Unemployment Insurance [UI] program. The overall impact of the bill is estimated to be total net cost savings to the program of \$11.1 million per year. Of that amount, net savings of approximately \$253,000 will be realized by state and local government units. The balance of the net savings would be realized by reduced UI benefit charges to private employers.

Furthermore, the bill would create a penalty for UI fraud, which is estimated to generate approximately \$319,000 of new revenue annually.

Long-Range Fiscal Implications
