Description				
Requiring certain medical loss ration	os for health benefit plans			

## **Assumptions Used in Arriving at Fiscal Estimate**

Under chapter 185 of the statutes, the Department accepts filings for cooperative associations organized to operate health care plans as defined in the statute. The proposed legislation does not affect the filing requirements and does not have a fiscal impact on the Department of Financial Institutions.

We are not aware of any local government costs.

**Long-Range Fiscal Implications**
