Assumptions Used in Arriving at Fiscal Estimate

The Certified Jobs Now Fund Program is proposed to be funded by equity investments from insurance companies subject to the ch. 76, Wis. Stats., premium tax, designated by the bill as participating investors. The participating investor may claim up to 80 percent of the amount of its investment as a credit against the participating investor's premium tax liability. The companies subject to the premium tax are all nondomestic insurance companies, Wisconsin domiciled life insurance companies, and Wisconsin domiciled mortgage insurance companies (though to a negligible amount by comparison).

It is expected that the companies will invest enough to take advantage of the entire \$200,000,000 of tax credits available to be awarded through the Certified Jobs Now Fund Program, which up to 25% those awarded credits are available per tax year until exhausted. This would create, on an annualized basis, a reduction of up to \$50,000,000 in premium tax revenue for a period of at least 4 years beginning in 2014 until the entire \$200,000,000 million of credit has been exhausted.
