Description a requirement to report lost or stolen firearms and providing criminal penalties					

Assumptions Used in Arriving at Fiscal Estimate

Under this bill, a person who owns a firearm that is stolen or missing must report the theft or loss to a law enforcement agency within 24 hours of discovering the theft or loss. A person who violates this requirement is guilty of a Class A misdemeanor for a first offense and guilty of a Class I felony for a second or subsequent offense. A person who falsely reports a stolen or lost firearm is guilty of the current-law crime of obstructing an officer and is subject to a fine of up to \$10,000 or a sentence of imprisonment of up to nine months, or both.

This bill also requires a person who commercially sells or transfers a firearm to provide the purchaser or transferee a written notice of the requirement, created in this bill, to report a theft or loss of a firearm within 24 hours of discovering it. A seller or transferor who violates this requirement is subject to a fine of up to \$500 or imprisonment for up to 30 days, or both.

The Department is unable to determine the fiscal impact of the bill as it cannot predict the effect on the number of people that will be sentenced and the sentencing practices of judges under the new law for reporting lost or stolen firearms.

The average FY16 annual cost for an inmate in a DOC institution is approximately \$32,300. However, when there is excess capacity in DOC facilities, the incremental costs (i.e. food, health care and clothing) of housing a small number of inmates is approximately \$5,700 based on FY16 costs. Should the Department use contract beds, the rate would be approximately \$18,800 annually per person. The average FY16 annual cost to supervise one offender is approximately \$3,000.

County jail costs are also indeterminate and could change if there are increases or decreases in the amount of people sentenced to jail. The average FY16 annual cost to jail an inmate is \$18,800.
