Assumptions Used in Arriving at Fiscal Estimate

This bill removes the requirement that the court must order expunction eligibility at time of sentencing and creates a petitioning process for later expunction proceedings.

The responding District Attorneys were of mixed opinion as to how much, if any, additional resources would be consumed by granting greater flexibility to the existing expunction protocol. As no general consensus was formed among the responding District Attorneys the fiscal impact is indeterminate.

Long-Range Fiscal Implications

For the reasons stated above, the long range fiscal implications are indeterminate.
