### Assumptions Used in Arriving at Fiscal Estimate

This bill directs the Department of Justice to create programs to address harassment, threats, and violence towards patients, prospective patients, and reproductive health care providers. Under the bill, DOJ must develop training programs for law enforcement officers and prosecuting attorneys to address anti-reproductive health care behaviors and a program to foster community collaboration in the prevention of and response to illegal anti-reproductive health care activities, and create a resource center to collect data and disseminate information on illegal anti-reproductive health care activities. The bill also creates a grant program under which DOJ may award grants to counties that need support in addressing illegal anti-reproductive health care activities. Prosecutors believe this legislation will have no or nominal fiscal impact on their offices.

### Long-Range Fiscal Implications

The long-range fiscal implications of this legislation on district attorney offices are indeterminate.
