## Fiscal Estimate Narratives

DNR 3/24/2017

LRB Number 17-1115/1	Introduction Number SB-095	Estimate Type Updated
<b>Description</b> Regulation of aquaculture and fish farms, providing an exemption from emergency rule procedures, and granting rule-making authority		

### Assumptions Used in Arriving at Fiscal Estimate

The bill makes various changes to the regulation of aquaculture and fish farms.

#### A. One-Time Costs

The bill is expected to result in an increased one-time workload related to updating program procedures and databases, legal review of documents, training staff, and conducting customer outreach. The Department may be able to absorb the cost of the bill's added responsibilities and activities within its existing appropriation levels assuming the legislature does not pass several bills requiring the Department to absorb associated costs.

#### B. Revenue Impacts

##### 1. General Permits and Exemptions

Wetland discharges for aquaculture GP--the Department is unable to determine how many individual permits are in the category that would now be eligible for a general permit for aquaculture.

##### Exemptions

- a. Artificial waterbody (pond) creation exemptions--indeterminate.
- b. Normal aquaculture activity exemption--indeterminate.
