Assumptions Used in Arriving at Fiscal Estimate

The bill prohibits a city, village, town, or county (political subdivision) from placing any restriction on the connection or reconnection of a utility service based on the type of energy to be provided. The bill also prohibits a political subdivision from discriminating against a public utility or a liquified petroleum gas retailer based in whole or in part on the nature or source of the service to be provided to a consumer within the political subdivision.

The bill has no fiscal effect on local governments, municipal utilities, or public utility revenues.

The department does not have any administrative costs.
