CLEARINGHOUSE RULE 10-142

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated September 2008.]

2. Form, Style and Placement in Administrative Code

a. The proposed rule makes changes not currently reflected in the plain language analysis, including expanding the applicability of this section to include contractors and changing references to “temporary plate” to “temporary operation plate” for improved consistency. Consideration should be given to noting these changes in the plain language analysis.

b. The fiscal impact on the state is described under the heading “anticipated costs incurred by the private sector?”. Either this heading should be changed or the state fiscal effect should be under the previous heading.

c. The department should consider including a note indicating the Web site address for online delivered plates.
