CLEARINGHOUSE RULE 17-014

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]

2. Form, Style and Placement in Administrative Code

- a. The “Explanation of agency authority” section of the rule summary should be revised to provide a plain language explanation of agency authority to promulgate the proposed rule, rather than reciting the statutes. [s. 227.14 (2) (a) 1., Stats.]
- b. The last sentence in the “Plain language analysis” of the rule summary appears to include an errant “(3)” that should be deleted.
- c. The treatment clauses for notes in SECTIONS 3, 5, and 8 do not properly include the subunit that precedes the note. [s. 1.09 (2) (c), Manual.]
- d. In the treatment of s. DHS 145.12 (4) (b) 3. Note in SECTION 6 of the rule, the period at the end of the added material in the first sentence should be deleted.
- e. In the treatment of s. DHS 145.12 (4) (b) 3. Note in SECTION 6 of the rule, consider deleting the remaining comma between “Society” and “entitled” in the second sentence of the note for consistency within the section.
- f. In SECTION 7 of the rule, should the comma left between the words “report” and “entitled” be deleted?
- g. In SECTION 9 of the rule, the word “diseases” in “Category III” should be changed to “disease” without the stricken letter because the treatment of the section is repealed and recreated.
