CLEARINGHOUSE RULE 19-084

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]

2. Form, Style and Placement in Administrative Code

- a. In the rule summary’s listing of statutes interpreted, no statute is cited. The board should consider citing s. 462.02, Stats., which relates specifically to the scope of practice of various radiology professionals.
- b. In the rule summary’s listing of related statutes or rules, the board could consider citing ch. 462, Stats., generally, and the other RAD chapters.
- c. In the treatment clause for SECTION 8 of the proposed rule, it appears that the reference to s. RAD “4.01” should be corrected to s. RAD “4.02”.

5. Clarity, Grammar, Punctuation and Use of Plain Language

- a. In the rule summary’s plain language analysis, the term “proposed rules” could be singular, as CHR 19-084 is considered as one rule in its entirety.
- b. In ss. RAD 4.01 (2) (r) and 4.02 (2) (m), it is not necessary to use both an acronym and the term spelled out, as both the term and the acronym are defined terms. The board should choose either the acronym or the term spelled out, depending on which is more familiar in the field or which is preferable for readability, and should use that version consistently. [s. 1.01 (8), Manual.]
- c. In SECTIONS 5 and 8 of the proposed rule, each instance of the term “Standard” should be lowercase. [s. 1.01 (4), Manual.]
