CLEARINGHOUSE RULE 23-041

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Council Staff and the Legislative Reference Bureau, dated November 2020.]

2. Form, Style and Placement in Administrative Code

In the proposed rule, two separate sections are identified as SECTION 2. Renumber the SECTIONS so that each is distinct.

5. Clarity, Grammar, Punctuation and Use of Plain Language

a. In SECTION 1 of the proposed rule, consider indicating other ways to access the instructions for applications, including an address that a person may write to or a telephone number that a person may call. [s. 1.12 (3), Manual.]

b. In SECTION 2 of the proposed rule, s. DE 2.03 (1) (e) and (5) (a) 5. and (b) 4. require current certification in Advanced Cardiovascular Life Support or Pediatric Advanced Life Support. The proposed rule also requires Pediatric Advanced Life Support if treating pediatric patients. If a licensee holds a sedation permit and sedates both adult and pediatric patients, would Pediatric Advanced Life Support alone suffice? If the proposed rule intends to require Advanced Cardiovascular Life Support for a licensee who treats both populations, then consider clarifying that requirement in the proposed rules and throughout the current administrative rules.
