

**State of Wisconsin
Department of Employee Trust Funds
Deferred Compensation Board**

The Wisconsin department of employee trust funds proposes an order to amend ETF 70.08 (3); to amend ETF 70.10, and to create ETF 70.02, relating to the start date for phasing out funds under the Wisconsin deferred compensation plan and to emergency withdrawals for beneficiaries.

Notice of Public Hearing

A public hearing on this proposed rule will be held on March 19, 2008 at 1:30 p.m. in Conference Room GB at the offices of the Department of Employee Trust Funds, 801 West Badger Road, Madison, Wisconsin. Persons wishing to attend should come to the reception desk up the stairs (or by elevator) from the main entrance to the building.

Analysis Prepared by the Department of Employee Trust Funds

1. Statute interpreted:
Section 40.80, Wis. Stats.
2. Statutory authority:
Sections 40.03 (2) (ir) and 227.11 (2) (a), Wis. Stats.
3. Explanation of agency authority:
By statute, the DETF Secretary is expressly authorized, with appropriate board approval, to promulgate rules required for the efficient administration of any benefit plan established in ch. 40 of the Wisconsin statutes. Also, each state agency may promulgate rules interpreting the provisions of any statute enforced or administered by the agency if the agency considers it necessary to effectuate the purpose of the statute.
4. Related statute or rule:
Ch. ETF 70, Wis. Admin. Code, establishes a procedure for administration of the deferred compensation program as provided by s. 40.80, Wis. Stats. There are no other related administrative rules or statutes.
5. Plain language analysis:
The purpose of this rule is to adjust the start date for phasing out a primary or alternate plan in order to reduce complications associated with the phase out and to expand financial emergency hardship withdrawals to include hardships for a named beneficiary.

6. Summary of, and comparison with, existing or proposed federal regulations:

FUND CLOSURE: There are no known existing or proposed federal regulations that are intended to address the fund closure start date or timeline regulated by this proposed rule.

FINANCIAL HARDSHIPS AND BENEFICIARIES: The proposed rule would be in conformance with changes to federal regulations made by s. 826 of the federal Pension Protection Act of 2006, which expanded financial emergency hardship withdrawals to include hardships for a named beneficiary.

7. Comparison with rules in adjacent states:

FUND CLOSURE: A query to adjacent states and the National Association of Government Defined Contribution Administrators list serve revealed that Wisconsin is unique in providing a specific start date and timeline for fund closures. Most other state programs have not formalized this process or provided a specific timeframe. Based on the query, it appears that the fund closeout process can take, on average, 30 to 90 days, and begins whenever a plan's governing body makes the decision to remove a fund.

FINANCIAL HARDSHIPS AND BENEFICIARIES: In order to be in compliance with recent federal regulations, most states and other s. 457 plan providers are in the process of modifying or already have modified their definition of financial emergency hardship withdrawals to include hardships for a named beneficiary.

8. Summary of factual data and analytical methodologies:

Currently s. ETF 70.08 (3) requires that phase one of the twelve month investment fund removal process begin on January 1 of the year following the deferred compensation board's decision to remove a fund from the Wisconsin deferred compensation program. Starting the process on January 1st and ending the process on December 31st of that calendar year presents many difficulties, including reconciliation requirements and other end of calendar year activities, and additional days that the financial markets are closed for holidays. By eliminating the January 1st start date and permitting the process to begin six months after the board has made a fund removal decision many of these complications will be eliminated.

The proposed revision would create a rolling fund closure window outside of end of the calendar year complications, but retain the 12-month time frame to notify participants of the pending closure.

Financial emergency hardship withdrawals from the deferred compensation program are permitted under s. ETF 70.10. The federal Pension Protection Act of 2006 expanded financial emergency hardship

withdrawals to include hardships for a named beneficiary. While the Wisconsin Deferred Compensation Plan and Trust Document already provides for this type of hardship withdrawal, there is not a similar provision in the Wisconsin administrative code. It is necessary to revise the administrative rule in order to allow hardship withdrawals for named beneficiaries, which could be done by adding the word “beneficiary” to the applicable subsections of s. ETF 70.10. The definition of “beneficiary” in this rule is the same as in s. 40.02 (8), Stats.

9. Analysis and supporting documents used to determine effect on small business or in preparation of economic impact report.
The rule does not have an effect on small businesses because private employers and their employees do not participate in, and are not covered by, the Wisconsin deferred compensation program. The deferred compensation program is an optional, supplementary retirement plan covering only governmental employees.
10. Effect on small business:
There is no effect on small business.
