FIRE DEPARTMENT PAY STATUS DEFINITIONS:

There are three classifications of fire departments in the United States: Career, Combination, and Volunteer. The terminology is not consistent by definition across the country. For administrative purposes, the Wisconsin Department of Commerce uses three classifications of fire departments based upon the pay status of the members. The following definitions are used in Wisconsin:

- 1 **Career:** Fire departments which have 100% of their members in full or part-time paid positions are classified as Career or Paid Fire Departments. The career fire department does not rely upon paid-on-call or volunteer firefighters to complement staffing (exception being mutual aid assistance). Examples of Career Fire Departments are: Milwaukee, Madison, Green Bay and Eau Claire.
- 2 **Combination:** Fire departments which have full-time, paid-on-call or volunteer members are classified as Combination or Part-Paid Fire Departments. The combination fire department may have one or more full-time staff, but rely upon paid-on-call or volunteer firefighters to complement the fire department. The full-time staff may be chief officers, fire inspectors, dispatchers or single engine company. Examples of Combination Fire Departments are: Menomonee Falls, Fitchburg, Plover and Rice Lake.
- 3 **Volunteer:** Fire departments which have predominantly volunteer members are classified as Volunteer Fire Departments. The classification Volunteer Fire Department may be misleading since the classification does not mean that the firefighters may not be compensated. For classification purposes, a volunteer fire department does not have any member of the fire department that is paid for 36 hours or more of work a week. Volunteer fire departments may compensate their members for fire calls, training, clothing allowance or to be on-call. The fire chief or fire inspector may be paid a yearly salary or stipend for their services. Insurance and workman's compensation organizations may have different definitions. Examples of Volunteer Fire Departments are: Washburn, Augusta-Bridge Creek, Verona and New Glarus.

FIRE DEPARTMENT REGISTRATION

A fire department that provides fire protection and fire prevention services to a municipality is required to register with the Department. In the fire dues process, fire department means a municipal fire department, public safety department, or public or private organization, such as a fire association, fire district, fire company or fire corporation, organized or created for the purpose of extinguishing fires and preventing fire hazards.

By statute, for the prevention of fire hazards, the chief of the fire department is constituted a Deputy of the Department of Commerce. Registration is required to issue the Deputy ID card to the fire chief, and to ensure that the fire department receives their fire dues funding from the municipalities served by the fire department.
