The federal government does not regulate licensed midwives.

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)
Illinois: Although Illinois does credential and regulate nurse midwives, unlike Wisconsin, Illinois does not credential licensed midwives.

Iowa: Although Iowa does credential and regulate nurse midwives, unlike Wisconsin, Iowa does not credential licensed midwives.

Michigan: Michigan has recently passed legislation, which was signed by the Governor, to create a Board of Midwifery to promulgate rules regulating licensed midwives. However, the Board has not yet produced administrative rules regulating this profession.

Minnesota: Minnesota does offer a credential for "traditional midwives," which is similar to licensed midwives under Wisconsin law. There are no similarities or differences between the states that are relevant for the purposes of this rule project, however.
