That PI 3.10(2)(e) is created to read:

Nine semester hours shall include a basic driver education course, an advanced driver education course, and a general safety education course. Six semester hours shall include specific courses in driver and traffic safety education that place emphasis upon critical factors that influence driver behavior in the driving task including course work that will develop teacher competencies in alcohol education and behavioral factors (sociological and psychological) as related to traffic safety.

That PI 3.04(3)(d) is amended to read:

- (d) Special field teachers as described in PI 3.03(6). To secure a life certificate in a special field a teacher must hold a degree from an accredited college or university and must have secured an acceptable major or master's degree in that special field. The applicant must have taught successfully in the special field while holding a regular Wisconsin license or licenses for at least 3 years. Such teaching must have been done in Wisconsin public schools or in approved Wisconsin private schools. A teacher issued a license to teach in a special field on the basis of an acceptable minor must have secured an acceptable major or master's degree in that special field within 3 years of the date of graduation for further certification in that field. This requirement is effective for all who receive initial licenses on the basis of a minor after June 30, 1974.
