ORDER OF THE STATE OF WISCONSIN NATURAL RESOURCES
BOARD CREATING RULES

.....
IN THE MATTER of creating ch. NR 64 .
of the Wisconsin Administrative .
Code pertaining to an all-terrain .
vehicle program .
.....

FA-40-85

Analysis Prepared by Department of Natural Resources

Proposed chapter NR 64, Wis. Adm. Code, specifies the procedures used in implementing certain facets of an all-terrain vehicle (ATV) program. In interpreting section 23.33, Stats., proposed ch. NR 64 does the following:

1. Establishes registration procedures and the requirement for display of registration decals.
2. Establishes requirement of registration of an ATV at time of sale by an ATV dealer.
3. Expands ATV operating rules.
4. Establishes the methods of providing safety training and a safety training course fee.
5. Establishes a requirement for coroner reports and confidentiality of accident reports.
6. Establishes procedures for the creation of an all-terrain vehicle route.
7. Establishes procedures in distributing aids for the development and maintenance of all-terrain vehicle trails, areas and routes.
8. Establishes procedures in distributing aids for county all-terrain vehicle enforcement programs.

Section 23.33, Stats., establishes the requirement and the duration of registration of an all-terrain vehicle for either public use or private use. Proposed chapter NR 64 specifies the application, renewal, and transfer procedures necessary for either type of registration. The rule also sets the expiration date of public use registration and the requirement for the display of the registration decals for both public use and private use registration.

Proposed chapter NR 64 also establishes the requirement for dealers of all-terrain vehicles to require buyers to complete a registration application at the time of sale and forward the registration application to the Department.

Proposed chapter NR 64 expands the list of operating rules for all-terrain vehicles consistent with the provisions established in s. 23.33(3), Stats. It also places certain responsibilities on the owner for authorizing the use of an all-terrain vehicle by others.

Section 23.33(5), Stats., sets age restrictions on the use of all-terrain vehicles and directs the Department to establish or supervise the establishment of an instructional safety program. Proposed chapter NR 64 establishes the methods for providing safety training and sets the safety program instructional fee.

The proposed rule establishes the confidentiality of accident reports and requires coroners or medical examiners to report deaths occurring as a result of an all-terrain vehicle accident. Further, under certain conditions the rule requires the drawing of a blood specimen and the reporting of the analysis to the Department of Health and Social Services.

Sections 23.33(4)(d) and (e), Stats., specify the manner in which all-terrain vehicles may travel on or adjacent to a roadway. Proposed chapter NR 64 establishes the procedures for creating and designating an all-terrain vehicle route on the roadway and also sets the sign standards for the all-terrain vehicle route sign. This standard is created in consultation with the Department of Transportation.

Proposed chapter NR 64 also interprets section 23.33(9)(a) and (b), Stats., regarding aids for trails, areas and routes, and county law enforcement costs.

The rule specifies the distribution of trail funds for the maintenance, acquisition, insurance, and development of all-terrain vehicle trails, areas and routes. It also sets maximum dollar levels for maintenance funding, specifies trail design and sign standards, specifies application procedures and outlines the financial requirements for making reimbursement claims of eligible program costs under an aids agreement. Similarly the rule specifies the application and reporting procedures necessary in obtaining aids for county all-terrain vehicle law enforcement, eligible costs, and procedures for filing a reimbursement claim.

Pursuant to the authority vested in the State of Wisconsin, Natural Resources Board by ss. 23.33 and 227.014(2)(a), Stats., the State of Wisconsin Natural Resources Board hereby creates rules interpreting s. 23.33, Stats., as follows:
